1. GENERAL POLICIES AND INFORMATION

1.1. Communicating with the Academy
For information concerning a specific program or area of study, address correspondence to the Office of Student Services.

United States Sports Academy
One Academy Drive
Daphne, Alabama 36526-7055
Telephone: 251-626-3303
1-800-223-2668 (Admissions only)
Fax: 251-625-1035 (Student Services)
E-mail: academy@ussa.edu
World Wide Web: http://www.ussa.edu

1.2. Accreditation
The United States Sports Academy is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award the Bachelor of Sports Science degree (level II), the Master of Sports Science degree (level III), and the Doctor of Sports Management degree (level V).

Note: The Commission on Colleges of the Southern Association of Colleges and Schools may be contacted with questions concerning accreditation. If you would like to reach them, please write to 1866 Southern Lane, Decatur, Georgia 30033-4097 or call (404) 679-4500

1.3. Alabama State Licensure and Certification
The Academy is licensed by the State of Alabama Department of Post-Secondary Education to grant the Bachelor of Sports Science degree.

Students seeking teaching certification should check with their local school district administration and State Department of Education. See the Academic Affairs section of this catalog for more information.

1.4. Equal Opportunity Statement
The United States Sports Academy accepts students regardless of race, religion, gender, age, disability or national origin.

1.5. Military Programs
The Academy is currently affiliated with the Department of Defense Activity for Non-Traditional Education Support (DANTES) distance-learning program. Members of the Armed Forces who wish to use the Services Tuition Assistance Program to pursue distance-learning opportunities with the Academy may do so. The Academy is a member of the Service-Members Opportunity Colleges. Service members should visit their Education Center or Navy Campus office for information about current tuition assistance policy and procedures. The Academy is also an approved educational institution for the Veteran’s Administration.

1.6. History and Purpose
President and Chief Executive Officer Dr. Thomas P. Rosandich founded the Academy in 1972, in direct response to the ever-increasing needs and demands in sport and society in America. From the
beginning, the Academy’s general mission has been to serve the nation and the world as a sport-education resource, upgrading sport through programs of instruction, research and service.

The Academy was born from the United States’ need for a national school of sport. This need was highlighted by the inferior United States’ performance at the 1972 Munich Olympic due largely to poor administration, lack of medical support and unscientific coaching and training.

The National Association of Collegiate Directors of Athletics (NACDA) was supportive of upgrading education in coaching, management and sports medicine. It provided a forum for an exchange of ideas. From the NACDA forum emerged the Academy’s first Board of Advisors (today’s Academy’s Board of Visitors). That advisory board played a key role in the development of the basic founding concepts for the establishment of a graduate institution for the education of teachers, coaches, sports medicine specialists and administrators, primarily at the nation’s secondary school level.

Implementation of these concepts fell to the governing Board of Directors (today’s Board of Trustees), which consisted of diverse professionals with specific expertise important to the formation of such an organization. The founding Board included Mr. Robert Block, media specialist; Mr. Charles Cape, attorney (deceased); Mr. Gerald Hock, accountant; Dr. George Uhlig, educator; and Dr. Thomas P. Rosandich, sport administrator. Three of these members continue to serve to this day.

Perhaps the true wealth of the Academy is its National Faculty, which was developed during the Academy’s formative years. It consists of distinguished sport educators in all areas of sport. Members of the Academy’s National Faculty have served as sport specialists throughout the world. The Academy’s cultural exchange programs reach out to some 60 nations of the Americas, Africa and Asia.

A milestone in the Academy’s development was reached in 1976 with the signing of its first international agreement to deliver educational and training programs in the Kingdom of Bahrain, located in the Arabian (Persian) Gulf. Since that first agreement, the Academy has delivered a wide range of programs abroad. The scope of service in these programs has been as varied as the full-charge conduct of an entire national sport effort to individual seminars and symposia in international conferences.

In 1981, the Academy became a candidate for membership in the Commission on Colleges of the Southern Association of Colleges and Schools (SACS). The Academy was evaluated by SACS in 1983 and admitted to membership on 13 December 1983. Thus, the Academy became the nation’s first and only free-standing, accredited institution dedicated solely to professional graduate studies in sport. In the summer of 1986, a new milestone was reached when the Academy purchased a permanent campus in Daphne, Alabama, on the Eastern Shore of Mobile Bay. In the summer of 1988, following a two-year self-study, the Academy received reaffirmation of accreditation from the Commission on Colleges of SACS. In 1996, the Academy was accredited at the doctoral level and the distance learning delivery system was reviewed. Since then, the Academy has undergone its ten-year comprehensive self-study and a successful reaffirmation of accreditation was awarded in December 1998 for 10 years. The Bachelor of Sports Science degree program was reviewed and accredited in 2005, making the institution the only accredited sport university in the country.

One of the visions of the Academy during its conception was that it would be a university without walls, so that the Academy could meet the needs of its students by teaching sport in any location on the globe. The Academy has met this challenge by offering a great deal of flexibility to its students.
through innovative teaching practices such as mentorships, independent study and individualized study. The full promise of this concept was realized in the fall of 1993 with the introduction of the distance-learning delivery system that now enables students to take their entire curriculum away from the Academy campus (with the exception of the comprehensive examination).

A secondary mission of the Academy has been the establishment and development of the American Sport Art Museum and Archives (ASAMA). A division of the Academy, ASAMA is dedicated to the preservation of sport art and archival materials. Located in the main building on the Academy campus, the gallery has periodic exhibits by renowned sport artists throughout the year. An annual event for ASAMA is the Awards of Sport program. Designated as a tribute to the artist and the athlete, the medallion-series recognizes outstanding performances and contributions by national and international leaders, coaches, administrators, athletes and artists in the world of sport.

The United States Sports Academy is an independent, non-profit, accredited, special mission sports institute created to serve the nation and the world with programs in instruction, research and service. It is open to all students and faculty and does not discriminate in admissions or employment on the basis of race, color, sex, age, religion, disability or national origin. Every effort has been made to include information in the catalog that, at the time of printing, most accurately and pertinently reflects the academic curriculum, policies and procedures of the Academy.

As an independent institution, the Academy explicitly reserves the right to judge whether it is in the best interest of the institution that a student be allowed to continue affiliation and may, for reasons deemed sufficient by the Academy itself, discontinue affiliation. By registering, the student concedes to the Academy the right to require withdrawal whenever the Academy deems withdrawal necessary. The provisions of this catalog do not constitute a contract, expressed or implied, between any applicant, student or faculty member, and the Academy. The catalog reflects the general nature of and conditions concerning the educational services of the Academy effective at the time of preparation.

Fees, charges and costs set forth in this catalog are subject to change at any time without prior notice. All courses, programs and activities described in this catalog are subject to change, cancellation or termination by the institution at any time. Academy regulations and degree requirements are subject to revision during the effective period of this catalog to reflect changes in policies, occupational and licensure requirements and changes related to the quality of the program. The catalog that will govern the student’s enrollment at the Academy will be the one in force on the date of the first enrollment in any course of the institution.

The provisions of the Family Educational Rights and Privacy Act of 1974 require that all students be notified of the rights afforded them by that act. In compliance with that requirement, a copy of the act is available in the Office of Student Services at the Academy and can be accessed through the World Wide Web at http://www.ed.gov/policy/gen/guid/fpco/ferpa/index.html.

A statement setting forth the type of student records maintained by the institution, the names and locations of persons responsible for maintaining them and the procedures established for access to and review and disposition of such records is published in the Academy’s Administrative Manual. Students wanting to view their records should contact the Department of Student Services.

1.7. Mission Statement
The United States Sports Academy is an independent, non-profit, accredited, special mission sports university created to serve the nation and the world with programs in instruction, research and
service. The role of the Academy is to prepare men and women for careers in the profession of sports.

1.8. The Philosophy of the Academy

The Academy believes that sport is both an academic discipline and an industry. As such, students need to learn both the theory of the discipline and the application of that theory to the industry in order to prepare for their chosen careers.

As an academic discipline, sport has both a discernible and distinct body of knowledge in higher education at both the undergraduate and graduate levels. The Academy curriculum provides a strong base of theoretical knowledge for its students.

In addition, the Academy recognizes that the students must be able to apply the theory successfully in the industry. Hence, the Academy also emphasizes experiential learning both in the classroom and through field-studies called mentorships in which students, working with leaders in the industry, apply theory to provide practical solutions to problems.

1.9. Goals of the Bachelor of Sports Science Degree Program

The specific goals of the bachelor’s degree program are derived from the mission of the Academy. These goals and objectives are as follows:

1. To require students to read and analyze existing texts and journals to gain knowledge of the principles and methods governing the practices in the profession of sport;

2. To provide course work on the theory and practice of the sport disciplines that will, in turn, produce educated individuals who:
   - Think independently;
   - Articulate clearly their own ideas orally and in writing;
   - Discuss with conviction issues of significance in their chosen disciplines;
   - Exhibit an expanded view or vision of the sport discipline of their majors specifically and of sport in general; and
   - Understand an expanded view on sport and its role in society on a national and international basis;

3. To provide course work which shows students how to take theoretical information and put it into practice by:
   - Reviewing issues and trends in the world of sport and making appropriate application of the knowledge in creating solutions;
   - Gaining knowledge of the theory of sport in order to apply it correctly to the right situation at the right time;
   - Demonstrating the appropriate skill sets to work in the profession of sport at various levels from amateur through professional; and
   - Engaging in self-directed study, critical thinking, critical incidence reporting and problem solving specifically in sport and in the world in general;

4. To increase students’ awareness of the need for a personal philosophy and the importance of ethical principles related to their chosen profession and life in general, by:
   - Reading information on the philosophical, sociological, psychological and historical aspects of the sport profession in the United States;
   - Gaining knowledge of current sport literature, its origins, deviations and expressions in a contemporary world; and

19 September 2006
• Gaining knowledge of ethical principles and how these can be applied in the world of sport and life in general;

5. To provide materials necessary for students to gain the knowledge, skill sets and practical abilities to succeed in the discipline of the sport major being studied; and

6. To provide a practical experience in the area of sport discipline in which the student can fully test the knowledge and sets of skills acquired in real life experiences under qualified mentors.

1.10. Expectations of Students at the Bachelor’s Degree Level

The Academy anticipates that students will come from a variety of backgrounds to pursue their Bachelor of Sports Science degrees. Upon receipt of the bachelor’s degree, students are expected to assume regional, national or international positions in the development, delivery or administration of sport or sport-education programs. Those already employed in sport or sport education are expected to have enhanced skills, knowledge and understanding which will promote the advancement of sport, sport education or sports sciences.

Throughout this catalog there are statements that create the policy for student rights and responsibilities. These statements have been brought together as a composite document called Student Rights and Responsibilities. The composite document should be read thoroughly by each undergraduate student. A copy of this composite document may be found in Addendum A of this catalog.

1.11. Honor Code for the United States Sports Academy

By enrolling at the Academy, students join a global community of scholars who are committed to the pursuit of excellence in the instructional process. The Academy expects that all students will pursue their studies with both integrity and honesty. Those students who choose not to do so are forewarned that academic integrity and honesty are taken seriously at the Academy. Any student caught in academic dishonesty, including but not limited to plagiarism and cheating, will be subject to disciplinary action, which may include expulsion from the program.

Every effort has been made to include information in the catalog that, at the time of printing, most accurately and pertinently reflects the academic curriculum, policies and procedures of the Academy.

Fees, charges and costs set forth in this catalog are subject to change at any time without prior notice. All courses, programs and activities described in this catalog are subject to change, cancellation or termination by the institution at any time. Academy regulations and degree requirements are subject to revision during the effective period of this catalog to reflect changes in policies, in occupational and licensure requirements and in other changes related to the quality of the program. The catalog that will govern the student’s enrollment at the Academy will be the one in force on the date of the first enrollment in any course of the institution.

1.13. Location

The Academy campus is located in Daphne, Alabama, on the beautiful Eastern Shore of historic Mobile Bay. To reach the Academy, take Exit 35 off U.S. Interstate 10 and travel one mile south on U.S. Highway 98 East.
The area enjoys semi-tropical weather most of the year. Average temperatures range from the 50’s in January to the 90’s in July. One of the fastest growing areas of the Sun Belt, Metropolitan Mobile has a population in excess of 400,000.

Famous for its boating and fishing, and its close proximity to the white sand beaches of the Gulf of Mexico, the area is also well known for the beauty of its architecture and its abundant greenery and flowers.

Metropolitan Mobile has a strong international flavor dating back almost 500 years to when the Spanish, the first European explorers, sailed into Mobile Bay. Since then, in addition to Mobile’s own, French, English, Confederate and United States flags have flown over Mobile.

The Port City has much to offer residents, visitors and Academy students. It is the home of the Senior Bowl (an all-star college football competition), the GMAC Bowl, the Mobile Bay Bears (San Diego Padre’s Double A baseball team), Mardi Gras (a festival of parades and activities prior to Lent), America’s Junior Miss pageant and numerous cultural and recreational activities. This is a great area in which to live and learn.

1.14. Affiliations
Listed below are some of the organizations in which the Academy, faculty and/or staff are represented with affiliations or memberships:

Alabama Art Education Association
Alabama Association of Collegiate Registrars and Admissions Officers (ALACRAO)
Alabama Association of International Educators
Alabama Association of Student Financial Aid Administrators
Alabama Council of Graduate Deans
Alabama Library Association
Alabama Museums Association
American Alliance for Health, Physical Education, Recreation, and Dance

3. **ADMISSION TO THE BACHELOR OF SPORTS SCIENCE DEGREE PROGRAM**

The United States Sports Academy offers Bachelor of Sports Science degrees in sports coaching, sports management and sports studies. If a student is a graduate of a community or junior college or has between 49 and 90 transferable college semester-hours, the student can complete the 120 semester-hour bachelor’s degree at the Academy. Degree-seeking students must take a minimum of 30 semester-hours at the Academy.

3.1. **General Admission**

3.1.1 **Bachelor’s Degree Program Admission**

A student interested in pursuing a Bachelor of Sports Science degree may be accepted from a broad variety of backgrounds.

For full-standing admissions in the bachelor’s program, an applicant may be a graduate of a junior or community college and must have completed the 30 semester-hours of the general education requirement, and have a 2.0 or higher cumulative grade point average (GPA). The other option is for the applicant to have completed at least 60 semester-hours (of which 30 semester-hours are the general education requirement) and to have a cumulative GPA of 2.0 or higher. For students who do not qualify for full-standing, refer to Admission Categories (3.5).

Students applying for admissions must submit the following:

1. A completed bachelor’s degree application accompanied by a $50 application and a $50 transcript-evaluation fee. The fee is non-refundable and constitutes part of the admission credentials.

2. An official copy of all college transcripts. A student may submit an unofficial copy of transcripts for evaluation purposes, however all official transcripts **must** be received prior to full-standing admission into the bachelor’s degree program.

3. A written personal statement describing the motivation or reasons for pursuing a Bachelor of Sports Science degree program.

4. A resume

3.1.2 **International Student Admission**

In addition to the applicable domestic requirements, an international applicant seeking full-standing admission to the bachelor’s program must submit the following to the Office of Student Services:

1. A satisfactory score on the Test of English as a Foreign Language (TOEFL) in a computer-based format (minimum 213), internet-based format (minimum 79), paper-based format (minimum 550) or a satisfactory score on International English Language Testing System (IELTS) in the academic module (minimum overall band score of 6). Students may be conditionally admitted with a TOEFL score of 500 to 549 on the paper-based format, a score of 173 to 212 on the computer-based format, 61-78 on the internet-based format or a score of 5 to 5.9 on the IELTS.
[NOTE: Applicants whose native language is English or students who have a degree from an institution whose primary language of instruction is English are not required to take the TOEFL or IELTS.]

2. International students must have certified English translations of foreign school-transcripts evaluated by a member of the National Association of Credential Evaluation Services. The transcripts must demonstrate that the students have attained a minimum of 60 and a maximum of 90 semester-hours of transferable credit. Among the semester credit-hours to be transferred are the 30 semester credit-hours of the general education requirement. The only exception to this requirement is that the three to six hours of English composition or English language arts may be waived by a TOEFL score that will admit the student to full-standing.

Once an international student has been officially admitted, the United States Sports Academy expressly reserves the right to mandate English as a Second Language (ESL) instruction until a reasonable mastery of the English Language has been attained.

3.2. TRANSFER-CREDIT ACCEPTANCE

Any applicant to one of the Academy’s bachelor’s degree programs is eligible to transfer from another college or university equivalent 300 and 400 level courses that are substantially the same as the Academy curriculum. The maximum number of transfer credit-hours above the 60 semester-hours is 30.

3.2.1 Specific Transfer Policies in the Bachelor’s Program:

1. The Academy accepts courses from all regionally-accredited institutions.
2. The Academy accepts courses from all nationally-accredited institutions (as recognized by the Department of Education) on a conditional basis, i.e. the student must achieve a 2.0 or higher GPA in the first 12 hours of the undergraduate level work at the Academy for the courses to transfer.
3. The Academy will accept courses from international institutions on a conditional basis, provided that the institution is approved by a foreign nation’s Ministry of Education where that approval process is comparable to accreditation in the United States.
4. As an alternative for international institutions, the Academy will accept transfer-credits on a conditional basis through a credential evaluation service that is a member of the National Association of Credential Evaluation Services.
5. The Academy may accept transfer-credits from non-accredited institutions on a conditional basis. All such transfer-credits must be reviewed on a case-by-case basis.

3.2.2. Transfer-Request Procedures

All requests for transfer-credit must follow this procedure:

1. The student must provide a letter requesting transfer of courses that delineates the course, course number, college or university and degree level. All information submitted must be in English or must be a verified translation into English from a foreign language;
2. The students must request a copy of the official transcript in English or must request a certified translation into English from a foreign language. In the case of the alternate (under 3.3.1 above) for international courses, a certified transcript evaluation may be substituted from a member of the National Association of Credential Evaluation Services; and
3. The student must provide a description of the course from a college or university catalog and a course syllabus in English or a certified translation into English from a foreign language. In the case of the alternate for international courses, (under 3.3.1 above) a certified transcript
evaluation from a member of the National Association of Credential Evaluation Services may be substituted.

3.3. Admission Categories
All applicants are admitted to the bachelor’s programs in one of five categories.

3.3.1 The Full Standing admission category is for degree-seeking students who satisfactorily meet all admission requirements.

3.3.2 The Conditional Academic admission category is for students who do not meet one or more of the full admissions requirements:

1. If the student has completed 60 or more hours, including the general-education core but has less than a 2.0 GPA, the student may be admitted conditionally as follows:
   • The student must retake all the general-education core courses which received an F and make a D or better grade; and
   • The student may register for the four core-required courses with the Academy while undertaking remedial course work, but must maintain a C or better grade in each course; and
   • (Both of the above conditions must be met before the student will be allowed to register for any additional courses at the Academy beyond the core-required courses).

2. Students who have not graduated from a junior or community college or who have not accumulated 60 transferable hours (including the general-education core) may be admitted conditionally as follows:
   • Students who have accumulated between 49-59 hours at a regionally-accredited institution with a GPA of 2.0 or higher may be admitted conditionally provided they complete the full-admissions criteria within the first 12 semester-hours of matriculation at the Academy while maintaining a 2.0 or higher GPA;
   • Students who have accumulated between 49-59 hours at a non-accredited institution with a GPA of 2.0 or higher may be admitted conditionally provided they complete the full-admissions criteria within the first 12 semester-hours of matriculation at the Academy while maintaining a 2.0 or higher GPA;
   • International students who have completed between 49-59 hours from a foreign institution that is approved by a foreign nation’s Ministry of Education where the approval process is similar to the accreditation process in the United States may be admitted conditionally provided they complete the full-admission requirements within the first 12 semester-hours of matriculation at the Academy while maintaining a 2.0 or higher GPA.
   • International students who have completed between 49-59 semester-hours or their equivalent from a foreign institution as evaluated and certified by a member of the National Association of Credential Evaluation Services may be conditionally admitted provided they meet the full-admission requirements within the first 12 semester-hours of matriculation at the Academy while maintaining a 2.0 or higher GPA.

3.3.3 Conditional Administrative
Students who have applied to the bachelor’s degree program but do not fulfill all the administrative admission requirements may be admitted on a conditional-administrative basis but must complete these requirements within the first 12 hours of matriculation.
3.3.4 Non-Degree-Seeking
A non-degree-seeking student is a student who has enrolled in a course and holds at least a secondary school or general equivalency diploma (GED) but has not applied for admission to the bachelor’s degree program. Financial aid is not available from the Academy to non-degree-seeking students.

Non-degree seeking students must submit the following for enrollment:

1. A completed bachelor’s degree application accompanied by a $50 non-refundable application fee; and
2. An official copy (or a certified English translation for international students) of their secondary-school diploma.

In addition, if a non-degree-seeking student applies to change status to become a degree-seeking student, all deferred fees and admission criteria associated with the degree-seeking admissions policy will become due and payable to the Academy at the time the student changes status.

3.3.5 Remedial
The Academy remediation program is specially designed for individuals who have been out of school for at least five years or posted poor grades at their previous institution, but have an interest in earning a degree in sport. Remedial admission status is only for those individuals who have taken at least 49 or more semester-hours of credit, have completed the general-education requirements outlined above, but do not have a 2.0 GPA in these classes. The program is designed to provide students a second chance to prove their ability to do well enough to earn a bachelor’s degree in a subject area that they enjoy.

In the remediation program, students must retake courses in which they have a failing grade, but while they are repeating these courses at another institution, they will be allowed to enter any bachelor degree program and take the core courses. To continue in the remediation program, the student must make a D or higher in the courses repeated and a C or higher in the Academy’s core requirements. Failure in either area will result in the student being dismissed from the program.

The remedial concept is to have students demonstrate their academic ability through attainment in the classroom. If students prove themselves through performance in the classroom by repeating the classes they failed and achieving a D or better grade and achieving a 2.0 or better GPA in the Academy’s courses, they will be admitted into full-standing admissions status.

3.4. Statute of Limitations on Acceptance
A prospective student applying for undergraduate study at the Academy has one year from the date of submission of the first application document to enroll in the bachelor’s degree program. A student failing to enroll within the one-year time limit is required to reapply for admission. The Academy reserves the right to request resubmission of any or all of the required admission materials and fees for readmission.

3.5. Registration/Orientation
Online students may start their course work at any time following acceptance. Registration for online students is done by phone, electronic mail or through the student portal on the Academy website. All fees and tuition are due at the time of registration. All students are required to complete the orientation course within their first semester.

19 September 2006
3.6. **Institutional Testing Codes**

The Educational Testing Service has assigned the Academy an institutional code number of 1885 for the Test of English as a Foreign Language (TOEFL).

Examinees who wish to have official scores reported to the Academy should use this number. It should be noted that the testing agencies will not send score reports from tests which were taken more than five years ago.

3.7. **Testing Facilities**

The following testing facilities and services may be of help to students in the bachelor’s degree program at the Academy:

   TOEFL (International Students)
   www.toefl.org.
   Score Required = 550 (paper based), 213 (computer based) or 79 (2006 internet based)

2. ETS (Educational Testing Services)
   Info: (609) 771-7630

3. CCTC (Consortium of College Testing Centers)
   [http://www.ncta-testing.org/cctc/](http://www.ncta-testing.org/cctc/)

4. IELTS (International Students)
   www.ielts.org
   Score Required = 6 (Academic Module)
   School code: 1885

3.8. **Alabama and Other State Teaching-Certification Requirements**

Students who are planning to be certified as teachers in the state of Alabama or another state of their choice must contact that State Department of Education for current requirements and to determine if the state recognizes degrees earned by online or distance education. It is the students’ responsibility to check on these requirements with their respective State Department of Education.
4.  DIVISION OF ACADEMIC AFFAIRS

4.1.  Bachelor of Sports Science Degree Program

The Bachelor of Sports Science curriculum was developed by the United States Sports Academy faculty and is sport specific in keeping with the special mission of the institution. Students gaining admission to the program will be expected to accumulate at least 60 semester credit-hours beyond the associate degree. The course descriptions for the curriculum appear in Section 4.7 of this catalog.

Admitted students must follow the prescribed progression in their majors.

Students will be required to begin their courses of study with the Academy in the core courses. Once students have finished the core courses successfully, they will work with their advisors and set up a Program of Study to complete all the required and elective courses in their program. After successful completion of the core, required and elective courses in the proper sequence with a 2.0 or better cumulative grade point average (GPA), students consent with their academic advisor to plan their culminating experience.

The culminating experience in the bachelor’s degree program is an experiential educational component referred to as a mentorship. The mentorship consists of 300 hours of study in the field of sport and is supervised by a mentor selected by the student. The mentorship is based upon specific learning goals and objectives established collaboratively by the student, the Academy and the mentor. The mentorship requires monthly reports, a final evaluation by the mentor and a 5,000 word paper by the student describing how goals and objectives were or were not achieved and why. The mentorship is an experiential educational component referred to as a mentorship. The mentorship consists of 300 hours of study in the field of sport and is supervised by a mentor selected by the student. The mentorship is based upon specific learning goals and objectives established collaboratively by the student, the Academy and the mentor. The mentorship requires monthly reports, a final evaluation by the mentor and a 5,000 word paper by the student describing how goals and objectives were or were not achieved and why.

The mentorship grade is based on three components and is weighted as follows:

1. An exit interview done between the student and an Academy advisor is worth 5%;
2. A 5,000-word paper written by the student and graded by the student’s Academy advisor assessing the attainment of the expected goals and objectives is worth 15%; and
3. A final evaluation form, completed by the mentor, is worth 85%.

4.2.  Delivery Options

Students may take course work through a variety of delivery options to best meet their needs. These options may be combined to provide maximum flexibility. The bachelor’s degree courses may be taken entirely online, in residence (summer only) or through a combination of the two.

4.2.1 Summer Resident Study Option

Under the supervision of on-campus faculty members, students study in a traditional classroom setting. This option is well suited for those students who may have difficulty with online study or who simply prefer instruction in a classroom setting. Class offerings in residence are subject to sufficient enrollment numbers so students need to check with the Department of Student Services before making arrangements for local accommodations.

4.2.2 Distance-Learning Options

Distance-learning offers the student the opportunity to earn bachelor’s degree course credit through online, computer-mediated and asynchronous courses. This means that the professor and student
do not have to be in simultaneous contact with each other for learning to take place or assignments to be completed.

For most online courses, distance-learning students at the Academy receive a log-on and password for the electronic, web-based aspect of the course. They also receive the required textbook(s) for each course. Each student is assigned a professor for each course. Every course includes a completion of written assignments, participation in threaded discussions, quizzes and a final examination. The Academy Library and its extensive reference data base system can be accessed through the Academy web site. There are specific time limits (16 weeks plus extensions) that apply to completion of distance-learning courses. Those 16 weeks include one week built into the course time for shipping and handling of materials.

4.2.3. Orientation for Distance-Learning
Prior to beginning online courses at the Academy, students are required to take a no-cost, no-credit course titled *SPT 101 Introduction to Academy Online Learning*. This course is an orientation course and serves as a tutorial on the Academy’s system of online learning. The course is graded on a pass/fail basis.

4.2.4 Technical Requirements:
Go to [http://www.ussa.edu/ussanet/index.asp](http://www.ussa.edu/ussanet/index.asp) and visit the “Technical Requirements and Browser Test Page” for computer requirements that are necessary for students to be successful in distance-learning.

4.3. Affiliated Credit Options
The Academy is a member of the Southern Regional Educational Campus (SREC). The SREC is made up of colleges and universities from 16 Southern states and offers 1,250 courses and 60 degree programs through the SREC web portal. The Academy was among the first independent colleges and universities in Alabama selected for participation in the SREC consortium. Academy courses that are now offered through the SREC Electronic Campus can be found at [http://www.electroniccampus.org/](http://www.electroniccampus.org/).

4.4. Sports Management Degree Curriculum
The curriculum in sports management is designed to give students a broad-based knowledge of the management fundamentals associated with sports industry. In addition, it allows the student to be competent managers in sports organizations and provides a broad understanding of the sport industry’s various forms and special nature through a mixture of core, required, elective and experiential educational components.

The curriculum for sports management has four core-courses, nine required-courses, five elective-courses and a required mentorship. These groups of courses must be taken in sequence beginning with the core courses (all hours listed are semester-hours):

- **SAB 334** Ethics in Sports 3 hours
- **SAB 361** Contemporary Issues in Sports 3 hours
- **SAM 340** Organization and Management in Sports 3 hours
- **SAM 400** Leadership Principles in Sports 3 hours

Once the core courses are completed, the student may take the nine required-courses in any sequence:

19 September 2006
• SAM 322  Foundations of Amateur & Professional Sports  3 hours
• SAM 342  Personnel Management in Sports  3 hours
• SAM 344  Sports Marketing  3 hours
• SAM 445  Sports Managerial Accounting  3 hours
• SAM 448  Sports Promotion and Event Planning  3 hours
• SAM 451  Public Relations in Sports  3 hours
• SAM 450  Fund Raising in Sports  3 hours
• SAM 482  Sports Facilities Management  3 hours
• SAM 486  Sports Law and Risk Management  3 hours

While taking the aforementioned required courses, students may take five of the following seven elective courses (after consulting with their Academic Advisor):

• SAB 305  Sociology of Sports  3 hours
• SAB 310  History of Sports  3 hours
• SAB 368  Psychology of Sports  3 hours
• SAM 367  Olympic Culture  3 hours
• SAM 386  Legal Concepts in Sports  3 hours
• SAM 392  Sports Agent Business  3 hours
• SAM 496  Topical Reading in Sports  3-6 hours

After completion of all the core, required and elective courses, students may take the mentorship as the culminating experience.

• SAM 498  Mentorship (culminating experience)  6 hours

4.5. Sports Coaching Degree Curriculum

The sports coaching major is designed to prepare students to enter the coaching profession. Since coaches often are required to do multiple tasks at the same time, the course work covers ethics, medicine, psychological, administrative and management functions as well as the “skills and drills” that are relevant to all coaching assignments. The program is designed to produce high-quality coaching by offering students all relevant aspects of a very demanding profession.

The curriculum for sports coaching has four core courses, nine required courses, three general elective courses, two sports coaching science electives and a mentorship (as the culminating experience). These groups of courses must be taken in a sequence beginning with core courses (all hours listed are semester-hours):

• SAB 334  Ethics in Sports  3 hours
• SAB 361  Contemporary Issues in Sports  3 hours
• SAM 340  Organization and Management in Sports  3 hours
• SAM 400  Leadership Principles in Sports  3 hours

Once the core courses have been completed, the student may take the nine required courses in any sequence:

• SAB 305  Sociology of Sports  3 hours
• SAB 368  Psychology of Sports  3 hours
• SAB 371  Sports Coaching Methodology  3 hours
• SAB 373  Scientific Principles of Coaching  3 hours

19 September 2006
• SAD 320  Applied Sports Performance Analysis  3 hours
• SAD 346  Sports Medicine  3 hours
• SAD 356  Sports Nutrition  3 hours
• SAM 322  Foundations of Amateur & Professional Sports  3 hours
• SAR 332  Sports Strength and Conditioning  3 hours

While taking the required courses, students may take three of the following six general elective courses (after consulting with their Academic Advisor):

• SAB 301  Sports Officiating  3 hours
• SAB 302  Sports Coaching Technology  3 hours
• SAB 310  History of Sports  3 hours
• SAM 386  Legal Concepts in Sports  3 hours
• SAM 482  Sports Facilities Management  3 hours
• SAM 496  Topical Readings in Sports  3-6 hours

While taking the required courses or the aforementioned electives, students may also take two of the following 18 elective Sports Coaching Science courses (after consulting with their Academic Advisor):

• SCS 300  Coaching Cross Country Skiing  3 hours
• SCS 303  Coaching Track and Field  3 hours
• SCS 308  Coaching Baseball  3 hours
• SCS 313  Coaching Basketball  3 hours
• SCS 317  Coaching Cheerleading  3 hours
• SCS 318  Coaching Cross-Country Running  3 hours
• SCS 328  Coaching Field Hockey  3 hours
• SCS 330  Coaching Figure Skating  3 hours
• SCS 332  Coaching American Football  3 hours
• SCS 334  Coaching Golf  3 hours
• SCS 337  Coaching Gymnastics  3 hours
• SCS 338  Coaching Ice Hockey  3 hours
• SCS 364  Coaching Soccer  3 hours
• SCS 366  Coaching Softball  3 hours
• SCS 370  Coaching Swimming  3 hours
• SCS 376  Coaching Tennis  3 hours
• SCS 378  Coaching Volleyball  3 hours
• SCS 384  Coaching Wrestling  3 hours

After completion of the core, required and elective courses, students may take the mentorship as the culminating experience.

• SAM 498  Mentorship (culminating experience)  6 hours
4.6. Sports Studies Degree Curriculum

The sports studies curriculum is designed to give students the opportunity to build areas of concentration that meet their specific needs.

The curriculum for sports studies has four core courses, 14 elective courses and a mentorship as the culminating experience. These groups must be taken in a sequence beginning with the core courses (all hours listed are semester-hours):

- SAB 334 Ethics in Sports 3 hours
- SAB 361 Contemporary Issues in Sports 3 hours
- SAM 340 Organization and Management in Sports 3 hours
- SAM 400 Leadership Principles in Sports 3 hours

Once the core courses are completed, students may take any 14 of the following 22 elective courses (after consulting with their Academic Advisor):

- SAM 322 Foundations of Amateur & Professional Sports 3 hours
- SAM 342 Personnel Management in Sports 3 hours
- SAM 344 Sports Marketing 3 hours
- SAM 445 Sports Managerial Accounting 3 hours
- SAM 448 Sports Promotion and Event Planning 3 hours
- SAM 451 Public Relations in Sports 3 hours
- SAM 450 Fund Raising in Sports 3 hours
- SAM 482 Sports Facilities Management 3 hours
- SAM 486 Sports Law and Risk Management 3 hours
- SAB 305 Sociology of Sports 3 hours
- SAB 368 Psychology of Sports 3 hours
- SAB 371 Sports Coaching Methodology 3 hours
- SAB 373 Scientific Principles of Coaching 3 hours
- SAD 320 Applied Sports Performance Analysis 3 hours
- SAD 346 Sports Medicine 3 hours
- SAD 356 Sports Nutrition 3 hours
- SAR 332 Sports Strength and Conditioning 3 hours
- SAM 367 Olympic Culture 3 hours
- SAM 386 Legal Concepts in Sports 3 hours
- SAM 392 Sports Agent Business 3 hours
- SAB 301 Sports Officiating 3 hours
- SAB 302 Sports Coaching Technology 3 hours

Students may substitute three of the following 18 elective Sports Coaching Science courses for any three of the 14 electives above (after consulting with their Academic Advisor):

- SCS 300 Coaching Cross Country Skiing 3 hours
- SCS 303 Coaching Track and Field 3 hours
- SCS 308 Coaching Baseball 3 hours
- SCS 313 Coaching Basketball 3 hours
- SCS 317 Coaching Cheerleading 3 hours
- SCS 318 Coaching Cross-Country Running 3 hours
- SCS 328 Coaching Field Hockey 3 hours
• SCS 330 Coaching Figure Skating 3 hours
• SCS 332 Coaching American Football 3 hours
• SCS 334 Coaching Golf 3 hours
• SCS 337 Coaching Gymnastics 3 hours
• SCS 338 Coaching Ice Hockey 3 hours
• SCS 364 Coaching Soccer 3 hours
• SCS 366 Coaching Softball 3 hours
• SCS 370 Coaching Swimming 3 hours
• SCS 376 Coaching Tennis 3 hours
• SCS 378 Coaching Volleyball 3 hours
• SCS 384 Coaching Wrestling 3 hours

After completion of the core and elective courses, students take the mentorship as the culminating experience.

• SAM 498 Mentorship (culminating experience) 6 hours

4.7. Bachelor of Sports Science Degree Course Descriptions

SAB 301 Sports Officiating (3 sem. hrs.)
This course is designed to teach students the rules and regulations for specific sports, and it explains how to apply them in games. Current rule changes will be reviewed and discussed.

SAB 302 Sports Coaching Technology (3 sem. hrs.)
Technological advances in the mainstream of contemporary culture can be applied to coaching. The uses and applications of technology to improve coaching efficiency, strategy, player performance, maintenance of equipment, recruitment at certain levels, statistics gathering, recording, reporting and archiving are central to this course.

SAB 305 Sociology of Sports (3 sem. hrs.)
This course is designed to introduce the student to the mutual influences which society and sports exercise have on each other. How people in sports relate to one another and create social measures that enable them to compete without compromising a basic social contract is one focus of this course. Understanding sports groups and the social issues that have an impact on sports is a central theme.

SAB 310 History of Sports (3 sem. hrs.)
This survey course examines the development of competition in the human condition from its inception, into organized forms of sport, to the highly developed enterprise that has emerged in contemporary times. Observations of the influence of culture and history on this development are central to the presentation of this course.

SAB 334 Ethics in Sports (3 sem. hrs.)
Some leaders are more effective than others because of who they are as individuals and how they approach the ethical circumstances they face. The application of these ethical approaches in sports is the central theme of this course. It is intended to support the thesis that principle-centered leaders are more capable of inspiring confidence and rallying others to achieve a common goal.

SAB 361 Contemporary Issues in Sports (3 sem. hrs.)
This course is designed to introduce the student to current issues in society and their impact on sport at all levels of participation. Emphasis focuses upon the variety of the issues facing sport as a leisure activity and as an industry, as well as how the issues are addressed by the media, sport organizations, sport coaches and administrators.
SAB 368  Psychology of Sports (3 sem. hrs.)
This survey course focuses on the study of the motivational phenomena that affect the performance of individual athletes and teams. Stress and leadership characteristics of coaches and athletes will also be studied.

SAB 371  Sports Coaching Methodology (3 sem. hrs.)
This course is designed to provide the student with a conceptual blueprint for teaching sport and the fundamentals of sport coaching. The development of a personal coaching philosophy will be derived from a process of consciously assessing critical issues and developing a clear rationale for holding one particular approach as opposed to another.

SAB 373  Scientific Principles of Coaching (3 sem. hrs.)
In order to optimize performances, guarantee safety and promote well-being in athletes, coaches must constantly update and modify their coaching practices by regularly seeking out new knowledge in the sport sciences. This course is designated to teach coaches to be active consumers and appliers of scientific information.

SAD 320  Applied Sports Performance (3 sem. hrs.)
This course is designed to cover the complete spectrum of training intensity. A conditioning program is established to meet the needs of each specific sport.

SAD 346  Sports Medicine (3 sem. hrs.)
This course is designed to give the student, as the first responder, the basic understanding needed to recognize sport-related injuries and to provide appropriate emergency treatment, along with ensuring proper follow-up medical care.

SAD 356  Sports Nutrition (3 sem. hrs.)
This course is designed to emphasize the importance of nutrition on the enhancement of performance and on the prevention of diseases, such as cardiovascular disease, cancer and obesity. Specific applications of nutrition and sport will also be examined.

SAM 322  Foundations of Amateur & Professional Sports (3 sem. hrs.)
This course addresses the scope, the history, the empirical foundations and the philosophical aspects in the development of sport both as a leisure activity and as an industry. Special emphasis is placed on the relationship between the evolution of sport and social institutions (such as education, religion, politics, mass media, etc).

SAM 340  Organization and Management in Sports (3 sem. hrs.)
This survey course is designed to provide a comprehensive and contemporary introduction of administration, organization and management principles and their applications in the broad sports settings.

SAM 342  Personnel Management in Sports (3 sem. hrs.)
This is a survey course in which the student will study the recruitment, procurement, development and utilization of the human resources in any organization. Concepts of motivation and teamwork are closely examined.

SAM 344  Sports Marketing (3 sem. hrs.)
This course examines the basic principles of marketing and how they are applied to the field of sport. They are evaluated in terms of the elemental marketing mix, which includes Product, Place, Price, Promotion and Public Relations.

SAM 367  Olympic Culture (3 sem. hrs.)
This is a seminar course that examines the history, culture and structure of Olympics and the Olympic movement as both a genesis and a product of the history of sport in the human condition.

19 September 2006
The connection between sport as a human activity and its relationship to other human activities will be surveyed and evaluated.

**SAM 386 Legal Concepts in Sports (3 sem. hrs.)**
This course introduces the student to a basic conceptual understanding of legal issues related to sport, including but not limited to: negligence, sexual harassment, corporal punishment, product liability, anti-discrimination, contracting, buying, hiring and termination.

**SAM 392 Sports-Agent Business (3 sem. hrs.)**
An overview of the sports-agent business and an examination of the various aspects associated with being a sports agent are presented in this introductory survey format. The expanding sport-agent business, particularly in the U.S., is examined in light of its benefits and consequences both to the professional and amateur athlete.

**SAM 400 Leadership Principles in Sports (3 sem. hrs.)**
This course teaches concepts, principles and skills of leadership for managers in the sports industry who must influence others to get things done. Styles of successful sport coaches and managers will be examined and analyzed in the context of their times and their settings.

**SAM 445 Sports Managerial Accounting (3 sem. hrs.)**
This course is designed to give students the financial management tools they need to succeed in the sports industry because the rapidly growing industry demands that those in the industry have a command of the basic principles of finance.

**SAM 448 Sports Promotion and Event Planning (3 sem. hrs.)**
Basic concepts of planning and conducting sports-related events, from their inception to their completion, are examined in this course. Applications of principles for marketing and public relations to the sport industry are evaluated and surveyed.

**SAM 450 Fund Raising in Sports (3 sem. hrs.)**
In a survey format, this course presents the essentials of fund raising and provides an overview of the field of fund raising to give development staff, managers and directors a platform from which to operate fund raising programs.

**SAM 451 Public Relations in Sports (3 sem. hrs.)**
This course is a study of the nature, content and application of the various concepts of public relations activities as they apply to sport. Techniques and principles of basic marketing as applied to public relations are also examined.

**SAM 482 Sports Facilities Management (3 sem. hrs.)**
All sporting events have one thing in common: they take place in some type of facility. This course examines the principles and skills needed to manage such facilities and the events that they host.

**SAM 486 Sports Law and Risk Management (3 sem. hrs.)**
This survey course takes a practical approach to law and sport, exemplifying how to use the law as a day-to-day management tool. Issues discussed in this course include risk management, responsibilities of game officials, breach of contract, product liability, role of the EEOC, right to participate and statutes such as the American with Disabilities Act.

**SAM 496 Topical Readings in Sports (3 sem. hrs.)**
This is a seminar course in which various topics important to the field of sport are examined and assessed through selected readings.

**SAM 498 Mentorship (culminating experience) (3 sem. hrs.)**
The mentorship is a supervised work experience in the sport industry to enhance the individual’s ability to become a productive contributor to the profession. Requirements are described in section 4.1 of the catalog.

19 September 2006
SAR 332  Sports Strength & Conditioning (3 sem. hrs.)
This course presents approaches to assessing and enhancing human sport performance through improving strength and cardiovascular endurance. The various methods of achieving optimum performance are examined, along with a focus on injury prevention.

SCS 300  Coaching Cross-Country Skiing (3 sem. hrs.)
This course is designed to provide entry-level information, fundamentals, principles and management enablers for anyone who would coach and/or instruct in basic Cross-Country Skiing skills.

SCS 303  Coaching Track and Field (3 sem. hrs.)
This course is designed to provide entry-level information, fundamentals, principles and management enablers for anyone who would coach and/or instruct in basic track and field skills.

SCS 308  Coaching Baseball (3 sem. hrs.)
This course is designed to provide entry-level information, fundamentals, principles and management enablers for anyone who would coach and/or instruct basic baseball skills.

SCS 313  Coaching Basketball (3 sem. hrs.)
This course is designed to provide entry-level information, fundamentals, principles and management enablers for anyone who would coach and/or instruct basic basketball skills.

SCS 317  Coaching Cheerleading (3 sem. hrs.)
This course is designed to provide entry-level information, fundamentals, principles and management enablers for anyone who would coach and/or instruct basic cheerleading skills.

SCS 318  Coaching Cross-Country Running (3 sem. hrs.)
This course is designed to provide entry-level information, fundamentals, principles and management enablers for anyone who would coach and/or instruct basic cross-country running skills.

SCS 328  Coaching Field Hockey (3 sem. hrs.)
This course is designed to provide entry-level information, fundamentals, principles and management enablers for anyone who would coach and/or instruct basic field hockey skills.

SCS 330  Coaching Figure Skating (3 sem. hrs.)
This course is designed to provide entry-level information, fundamentals, principles and management enablers for anyone who would coach and/or instruct basic figure skating skills.

SCS 332  Coaching American Football (3 sem. hrs.)
This course is designed to provide entry-level information, fundamentals, principles and management enablers for anyone who would coach and/or instruct basic American football skills.

SCS 334  Coaching Golf (3 sem. hrs.)
This course is designed to provide entry-level information, fundamentals, principles and management enablers for anyone who would coach and/or instruct basic golf skills.

SCS 337  Coaching Gymnastics (3 sem. hrs.)
This course is designed to provide entry-level information, fundamentals, principles and management enablers for anyone who would coach and/or instruct basic gymnastics skills.

SCS 338  Coaching Ice Hockey (3 sem. hrs.)
This course is designed to provide entry-level information, fundamentals, principles and management enablers for anyone who would coach and/or instruct basic ice hockey skills.

SCS 364  Coaching Soccer (3 sem. hrs.)
This course is designed to provide entry-level information, fundamentals, principles and management enablers for anyone who would coach and/or instruct basic soccer skills.
SCS 366  Coaching Softball (3 sem. hrs.)
This course is designed to provide entry-level information, fundamentals, principles and management enablers for anyone who would coach and/or instruct basic softball skills.

SCS 370  Coaching Swimming (3 sem. hrs.)
This course is designed to provide entry-level information, fundamentals, principles and management enablers for anyone who would coach and/or instruct basic swimming skills.

SCS 376  Coaching Tennis (3 sem. hrs.)
This course is designed to provide entry-level information, fundamentals, principles and management enablers for anyone who would coach and/or instruct basic tennis skills.

SCS 378  Coaching Volleyball (3 sem. hrs.)
This course is designed to provide entry-level information, fundamentals, principles and management enablers for anyone who would coach and/or instruct basic volleyball skills.

SCS 384  Coaching Wrestling (3 sem. hrs.)
This course is designed to provide entry-level information, fundamentals, principles and management enablers for anyone who would coach and/or instruct basic wrestling skills.
5. **BACHELOR OF SPORTS SCIENCE DEGREE FEES AND COSTS**

All tuition and fees are due upon registration. Registration is not complete until financial clearance is received, indicating full payment. The United States Sports Academy reserves the right to change tuition, fees and other expenses as deemed necessary, without prior notice. No student may register for any course until all Academy charges are satisfied.

The published fees and costs schedule includes the basic fees required of all students enrolling in the Academy. Since personal expenses (including supplies, food and living expenses) vary; no attempt is made to estimate such costs in this catalog. However, estimated costs are available from the Office of Student Services.

The Consolidated On-Campus fee shall be assessed on those students who are enrolling for six or more credit-hours in a semester for resident study. This fee shall cover all associated costs for on-campus study among which are laboratory fees, student activity fees, use of the Eagles Nest student building, the Academy Fitness Center, Academy outdoor recreational facilities and on-campus parking.

19 September 2006
6. **FINANCIAL-AID PROGRAMS**

The United States Sports Academy has a variety of financial-aid programs available to qualified students enrolled in the bachelor’s degree program. Federal financial aid is not available for non-degree seeking students, continuing education units or those enrolled in certification programs.

The availability of financial-aid funds may be limited from year to year. In addition, the Academy’s participation in federally-funded financial-aid programs is subject to change without notice. The criteria for eligibility and the rules governing the administration of the programs are subject to change without prior notice.

All students receiving financial assistance must maintain enrollment status of at least half-time (which is six credit-hours per semester at the bachelor’s degree level). To apply for any financial-aid program, students must complete the *Free Application for Federal Student Aid (FAFSA)* as set out in section 6.5.2.

The United States Sports Academy awards financial aid to eligible students regardless of race, religion, gender, age, disability or national origin.

### 6.1. Types of Assistance Available for Bachelor’s Degree Students Who Qualify

#### 6.1.1. Grants

Grants are gift-aid and do not have to repaid. Only undergraduate students who have not received a bachelor’s degree and who demonstrate appropriate need are eligible for the following programs:

1. **Federal Pell Grants** are available for students with demonstrated financial need as determined by their Expected Family Contribution. Pell Grants are based on a student’s cost of attendance and enrollment status (half-time, full-time, etc). The maximum Pell Grant for the 2006-2007 Award year is $4,050.

2. **Federal Supplemental Education Opportunity Grants (FESOG)** are for undergraduate students with exceptional financial need – that is, students with the lowest EFCs. Priority is given to students who receive Federal Pell Grants. Students can receive between $100 and $4000 a year, depending on when they apply, their need and the funding level of the school.

3. **State Grant and Tuition Assistance for Alabama Residents:**

   The Alabama Commission on Higher Education has granted the Academy approval to offer the Alabama Tuition Assistance Program and the Alabama State Grant Program to its undergraduate students who are Alabama residents for the 2006-2007 award year. The amount of aid under these programs varies from year-to-year depending upon the Alabama State Legislature. The details of these programs are:

   **Alabama Student Assistance Program:**

   The Alabama Student Assistance Program is a need-based state/federal grant ranging from $300-$2500 per academic year. The program is only available to undergraduate students who are Alabama residents attending an eligible Alabama institution. Students must complete the *Free Application for Federal Student Aid* by contacting the Academy’s Financial Aid office.

   **Alabama Student Grant Program:**
The Alabama Student Grant Program is an award of grant assistance at an eligible independent Alabama college or university. It is not based on need. Students can receive up to $1200 per academic year with the maximum amount available only when sufficient funds are available. Students must be Alabama residents and can be either half-time and/or full-time enrolled.

Application forms can be obtained from the Academy’s Financial Aid office at (251) 626-3303 or e-mail financialaid@ussa.edu.

6.1.2. Loans

1. Federal Stafford Loans:
   Federal Stafford Loans are long term, low-interest loans. The loans a student receives will be either subsidized or unsubsidized. A subsidized loan is awarded based on financial need. Students will not be charged any interest before they begin repayment or during deferment periods. An unsubsidized loan is not awarded on the basis of need. Students will be charged interest from the time the loan is disbursed until it is paid in full. If students allow the interest to accrue (accumulate) while they are in school or during other periods of nonpayment, it will be capitalized. This means the interest will be added to the principal amount of their loan, and additional interest will be based on that higher amount.

   The current interest rate is fixed at 6.8%. Repayment is deferred until six months after graduation or after the student ceases to be enrolled at least half time. Federal Stafford Loan information is available on the Internet at: www.studentaid.ed.gov.

2. PLUS Loans:
   PLUS Loans (Loans to Parents) are unsubsidized loans a student’s parent can obtain to pay for the student’s education expenses if they are a dependent undergraduate student enrolled at least half-time. The student’s parents must have good credit history. The yearly limit on a PLUS loan is equal to the student’s cost of attendance minus any other financial aid the student receives. Parents must complete the PLUS loan application and Master Promissory Note (MPN). The application and MPN can be obtained from the Financial Aid Office.

6.1.3. Distribution of Financial-Aid Funds

1. Payment of tuition and fees is due when a student registers for a course. In the event that a student has been awarded financial aid and intends to use the proceeds to pay for the course
registration, the Academy will post the incoming funds to the student’s account. The Academy will deduct from these proceeds all costs associated with the registration including (but not limited to) tuition, fees and books. A check for any remaining funds will be provided to the student within 14 days of registration and after the student has attended class. Additionally, the amount of this refund is limited to the amount of the financial-aid proceeds actually received for the semester of the award. For resident students, this check can be picked up from the Financial Aid Office. For non-resident distance learning students, this check will be mailed to the student’s address on record at the institution.

Students must be enrolled at least half-time to be eligible to receive any loan funds. Students must maintain satisfactory academic progress toward a degree to be eligible to receive financial aid. The Financial Aid Satisfactory Academic Progress Policy is stated in this Academic Catalog (see section 6.5).

2. Withdrawal: If students withdraw or drop out prior to completing 60% of the term they will be required to return a prorated portion of the financial aid received. This includes loans. The Academy is also required to return a portion on the student’s behalf. Students will be responsible for any portion the Academy is required to return due to withdrawal (See the Academy Catalog “Return of Title IV Funds” section or online at www.ussa.edu for further detail).

3. Unofficial Withdrawal: A student who registers for a course and fails to attend the course sessions (or in the case of distance-learning students, fails to log-on and begin course work), and does not officially withdraw from the Academy in accordance with academic policy, will be deemed an “unofficial withdrawal” for the purposes of financial aid. In the case of residential students, the “unofficial withdrawal” occurs after the student has missed 25% of the scheduled class sessions. For distance-learning students, an “unofficial withdrawal” occurs when a student has failed to log-on and commence any course work within 14 days of the official start date of a course. Students subject to the “unofficial withdrawal” provisions of the financial-aid policy are deemed not have earned their financial-aid award and will be required to return 100% of said award.

6.2. Veterans Administration Programs

6.2.1. Veterans Benefits

Veterans of any branch of the armed forces may be eligible to receive educational benefits while attending the Academy. Veterans must be enrolled in an approved program of study. For eligibility, veterans should check with their Regional Veterans Administration Office.

6.2.2. Dependent Benefits

Dependents of some veterans may be eligible for educational assistance while attending the Academy. For eligibility, dependents of veterans should check with their Regional Veterans Administration Office.

6.3. Military Financial Aid Program

The Academy welcomes opportunities to assist students with their pursuit of the financial aid for which they qualify. Questions about the financial aid process or available military financial aid should be directed to the Academy’s Financial Aid Office.

<table>
<thead>
<tr>
<th>Assistance Program</th>
<th>What is it?</th>
<th>Who is Eligible?</th>
<th>Benefits</th>
</tr>
</thead>
</table>
| **Tuition Assistance** | Tuition Assistance is a military benefit that pays the cost of tuition and some fees. | Virtually all military service members are eligible. However, each service branch determines its criteria for eligibility. | Tuition Assistance covers up to 100% tuition and fees not to exceed:  
• $250 per semester credit-hour;  
• $4500 per fiscal year.  
*The Navy has a 12 credit-hour annual limit. |
| **Tuition Assistance "Top-Up" Program** | The “Top-Up” Program is an additional benefit intended to supplement other tuition assistance programs. | To be eligible for the “Top-Up” benefit, the person must be approved for federal Tuition Assistance by a military department and be eligible for MGIB-Active Duty benefits. | The amount of the benefit is limited to the amount that a person would receive for the same course if regular MGIB benefits were being paid. |
| **Montgomery G.I. Bill - Active Duty & Veteran** | MGIB provides up to 36 months (four regular school years) of education benefits to eligible veterans for:  
• College, business technical or vocational courses  
• Correspondence courses  
• Apprenticeship/job training  
• Flight training | Active Duty members who have served at least two years on active duty. Veterans - there are four categories of Veteran eligibility depending on when you enlisted and how long you served on active duty. | Up to $1034 per month for full-time institutional education (beginning Oct. 1, 2005).  
Benefits end 10 years from the date of your last discharge or release from active duty. |
| **Veterans Educational Assistance Program (VEAP)** | The VEAP is available if you elected to make contributions from your military pay to participate.  
For degree, certificate, correspondence, apprenticeship/on-the-job training programs, and vocational flight training programs as well as remedial, deficiency and refresher training. | You must have:  
• Entered service for the first time between January 1, 1977 and June 30, 1985;  
• Opened a contribution account before April 1, 1987;  
• Contributed $25-$2700;  
• Completed 1st period of service;  
• Received a discharge that was not dishonorable. | Your contributions are matched on a $2 for $1 basis by the Government. |
| **Federal Student Aid** | The Federal Government offers students low-interest loans and grants to help finance their education. | Virtually all citizens are eligible. However, the program is needs based, so certain income limits can apply. | The loans and grants are capped each fiscal year and depend on your personal economic circumstances. |

### 6.4. Definition of Academic Year

The Academy’s academic increments are termed as sixteen-week semesters. Students receiving financial aid on the bachelor’s level are permitted twelve semesters (four years) to complete their programs of study.

### 6.5. Satisfactory Academic Progress

All students at the Academy who receive federal financial aid must make satisfactory progress toward completion of their degree program within a reasonable period of time. The Academy has developed the following standards defining satisfactory progress in accordance with regulations issued by the U.S. Department of Education.

**Bachelor’s students** are considered to be making satisfactory progress if they:

1. Are admitted and enrolled as degree-seeking students;
2. Meet the required qualitative measure for financial-aid recipients;
3. Maintain measurable progress toward the completion of the degree; and
4. Complete degree requirements within a reasonable length of time.

**REQUIRED QUALITATIVE MEASURE:** In order to meet the required qualitative measure, the student must maintain a minimum cumulative GPA of at least 2.0 on a 4.0 scale. This measure comes into effect after the student has attempted 12 semester-hours at the Academy.

**MEASURABLE QUANTITATIVE PROGRESS REQUIREMENT:** In order to maintain measurable progress toward the completion of their degree, students must successfully complete 67% of all the Academy credit-hours attempted. (Hours attempted include repeated courses, dropped courses, withdrawals and incomplete courses.) This measure becomes effective when a student has attempted 12 semester-hours at the Academy.

**REASONABLE LENGTH OF TIME REQUIREMENT:** At the Academy, a reasonable length of time for the completion of a degree program is defined as no more than 150% of the normal time required to complete a degree program measured in terms of academic years or terms, credit-hours attempted or clock-hours completed. The time allotted to complete the bachelor’s degree is four years. Course work, which transfers into a degree program, will adjust the time frame accordingly.
Satisfactory Academic Progress status will be determined for each student when Financial-Aid applications are renewed.

**Reinstatement of Financial Aid, Academic Eligibility and Appeals of Decision**

Students who become ineligible for financial aid because they do not maintain satisfactory progress towards the completion of their degree may reapply for financial aid when they have cleared the deficiency and are again progressing satisfactorily according to the requirements outlined above. When mitigating circumstances are involved, students may appeal decisions that they have not complied with the academic requirements for financial aid. To do so, they must submit letters to the Director of Financial Aid requesting reinstatement of eligibility for financial aid. The letters must include the reason(s) why satisfactory progress is not being made and any documentation that supports the rationale for the appeal. Appeals may be accepted without provision, or they may be accepted provisionally, entailing a probationary period in which the student must earn a given number of credit-hours and/or earn a specified GPA. Appeals may also be denied. It is each student’s responsibility to initiate any appeal for financial-aid eligibility. Appeals for academic reinstatement do not constitute reinstatement of financial-aid eligibility.

**6.5.1. Return of Title IV Funds**

The Academy’s Financial Aid Office is governed by rules concerning Title IV Federal Student Aid funds, which include Stafford Loans.

The Academy awards aid to students based on 100% completion of courses. If students withdraw, the Academy must determine the percentage of financial aid “earned”. If students do not complete 60% of the course or courses, they have not “earned” the full allotment of financial aid. In this case, the Academy is required to return the “unearned” portion of aid to its originating source (i.e. the student loan lender).

Upon withdrawal, if the Academy determines that the student is due a refund, it will credit the student’s account. Then, the Academy will determine the amount, if any, that must be returned on the student’s behalf. If return of aid is required, the Academy will use any credit balance a student may have to fulfill this responsibility. If those funds are more than the Academy is required to return, the student will receive the remainder. In most instances, however, those funds are not enough to cover the amount, which could leave the student owing the Academy a balance.

In order to determine if funds have to be returned, the Academy determines how much aid was earned. Each sixteen-week term contains approximately 112 class days. Once the student has completed 60% of the course, or 68 days, it is considered that 100% of the funds are earned. However, if the student completed only 50%, for instance, or 56 days, the Academy would be required to return 50% of aid awarded/disbursed to the student during that term. Therefore, if the Academy awarded and disbursed $2800.00 of aid to the student, the Academy would have to return $1400.00 for this example. Also, note that in this situation, the student would not be afforded a refund from the Academy as 56 days exceed the 38-day maximum, as stated in the Academy Refund Policy.

Students can determine their information by the same formula. The amount of days attended is determined by the shipping date of the course materials, based on five school days per week. This number can then be compared to 112 to determine what percentage of aid was earned. That percentage, if less than 60%, can then be compared to a student’s financial aid award amount for that term to determine the amount the Academy will return on a student’s behalf to the student-loan lender.
6.5.2 Academy Financial-Aid Review

1. Students can apply for financial aid before they apply for admission to the Academy.

2. Students must be U.S. Citizens or a permanent residents of the United States to apply for Federal financial assistance.

3. To receive funds, a student must be accepted for admission in a degree-seeking program.

4. **International Students** can apply for an International Student Loan. Application information is available on the Internet at www.internationalstudentloan.com. A co-signer who is a U.S. Citizen is required.

5. To apply for financial aid, the student must complete the *Free Application for Federal Student Aid (FAFSA)*. FAFSA on the Web is available at www.fafsa.ed.gov. Students can sign their applications electronically with a Personal Identification Number (PIN) issued by the U.S. Department of Education. If the student does not have a PIN, the U.S. Department of Education will e-mail the student within three days. Be sure to select the proper year (2006-2007 begins with summer semester) and list the Academy’s Federal School Code (021706). FAFSA paper applications are available in the Financial Aid Center. Students can complete the paper FAFSA and mail it to the Federal Processor. They should allow four to six weeks processing time.

6. The Academy will receive student information electronically from the Federal Processor. Students must be accepted for admission to the Academy before financial-aid awards can be processed. The Academy will review the information and an official award letter will be sent to the student by mail. The US Department of Education selects one-third of all financial-aid applications for a process called verification. If selected, the Academy will ask for documentation of the information reported on the FAFSA.

8. All students who receive Federal Title IV student financial assistance are required to undergo an Exit Interview upon the completion of their study at the Academy. This Exit Interview is administered online at [www.mapping-your-future.org](http://www.mapping-your-future.org) in the case of distance-learning students or those who withdraw from the institution before completing their degree.

For assistance, visit the Academy Financial Aid Center in the Student Services Division, e-mail [financialaid@ussa.edu](mailto:financialaid@ussa.edu) or telephone 251-626-3303.

19 September 2006
7. BACHELOR OF SPORTS SCIENCE DEGREE REGULATIONS/POLICIES/PROCEDURES

It is the student’s responsibility to know and comply with the regulations, policies and procedures stipulated in the United States Sports Academy Catalog.

7.1. Academic Integrity

Students should maintain high standards of conduct both in their personal behavior and in their academic work. Disrespect for, or violation of, these standards is a serious offense. The penalty for violations against academic integrity could result in failure on a paper or in a class, or dismissal from the Academy. The process of notification is described in the Student Conduct section of this catalog.

Cheating is unacceptable behavior in which students use someone else’s work and represent it as their own. Examples of this would include but are not limited to: copying another student’s answers during an examination, using unauthorized materials during an examination or having someone else take an examination. Using unauthorized test materials and/or disseminating them to others is also considered cheating.

Plagiarism is a form of cheating. Utilizing information from other people’s work in a paper or project is acceptable under the following conditions:

1. If the exact written words of another person are placed in quotation marks and the last name, year and page number where the quote may be found is cited, this is acceptable. A quote exceeding 40 words must be indented in a block without quotation marks.

2. If students paraphrase other people’s work, the concept or information must be restated in their own words, not just rearranged in the sentence. Students must also cite the author and year of publication and they should be very careful when taking notes to put quotes in the exact wording, or to put the paraphrased information in the notes.

Submitting the same paper or part of a paper for more than one course is not permitted.

The abuse of Library materials by writing in journals or books, tearing out pages or taking materials from the library without properly checking them out is strictly forbidden.

7.2. Academic Probation/Dismissal

The effect of academic probation is to serve notice to the student that the quality of work is below the accepted level of work. Students who receive academic probation should immediately seek help by contacting their advisors or the Chief Academic Officer.

A student will be placed on academic probation any time that the cumulative grade point average (GPA) drops below 2.0. The intent of the academic probation warning is to serve as notice that the quality of work is below graduation standards. A student who receives an academic probation warning should immediately seek assistance by contacting an Advisor. A student on probation has 12 semester-hours in which to raise the cumulative GPA. If the GPA remains below 2.0 after the time allowed, the student may be dismissed.

Any student conditionally admitted or on probation will not be extended academic privileges. These privileges include but are not limited to individualized study and overloads.
A student receiving a letter grade of “F” in a course will be required to retake that course. The student will be placed on probation and remain on probation until the course is retaken with a passing grade.

A student receiving a letter grade of “F” while on probation may be dismissed.

If a student receives a total of three "F's" during academic progression, permanent dismissal may result.

The Academy reserves the right to dismiss, at any time, a student whose academic performance is substandard or whose conduct, in the sole opinion of the Academy, is deemed improper or prejudicial to the interest of the institutional community.

7.3. Academic Update
The Academy publishes an Academic Update on a frequent basis. The update is sent to all students with ussa.edu e-mail addresses. The purpose of this is to keep students informed regarding regulations, policies and procedures of the Academy and to alert them to upcoming calendar events and general news of interest. Students are expected to read the Academic Update and are responsible for its content.

7.4. Accounts Receivable from Students
Students owing money to the Academy will be assessed an interest charge of 1% per month on outstanding balances that are not settled within 30 days. Excluded from this policy are student loans made through or insured by any governmental student-financial-assistance program.

An invoice will be sent monthly to each student with an account receivable under this policy. If no payment is received and no arrangements have been made for payment of the account within 60 days after the invoice is sent, students will be informed that the account will be turned over for collection. If after this warning, a student fails to respond within a further 60 days, the account will be considered for referral to a collection agency.

7.5. Adding/Dropping Courses
To add or drop a distance-learning course:

1. A student withdrawing from a distance-learning course must request withdrawal in writing to the Registrar’s Office.

2. Requests not made in writing will not be honored.

3. Requests made within 10 days of shipment of course materials will not receive grades or appear on transcripts.

4. Withdrawals after the deadline will receive a grade of a W.

5. Students must be aware of the “unofficial withdrawal” provisions of the Academy’s financial-aid policy if they are the recipients of Federal Title IV financial-aid funds.

7.6. Advising Program
This catalog is the official advising-document for all bachelor’s degree students. Students may utilize the catalog to prepare their own courses of study, noting all conditions set forth in it. The student should maintain registration record on a Program of Study (POS) sheet. Faculty will serve
students as general academic advisors. Questions on course registrations should be directed to the Office of Student Services.

7.7. Application for Graduation
Students must apply for graduation (and include the fee) in the Office of Student Records at least one month prior to the end of the semester in which they plan to complete their degree requirements. Students who fail to apply on time risk having their graduation delayed until the end of the following semester.

7.8. Attendance Policy: Distance-Learning
Students who are enrolled in a web-based course must log on and complete the first course assignment within two weeks of course registration. Students are expected to systematically satisfy all of the course assignments and learning activities in accordance with the syllabus within the prescribed 16-week time frame or they must pay the appropriate extension fees. In no case will a student be allowed to submit work following the exhaustion of two 30-day course extensions or one 60-day course extension.

7.9. Auditing Classes
Auditing a course is regularly attending class without receiving credit. The fee to audit a course is equal to the fee to enroll in a course. Audits are recorded on the permanent record but do not reflect any credit toward degree requirements. A student auditing course work will not receive a course grade nor be required to take the final exam.

7.10. Campus Computing and E-mail
All students are assigned an e-mail address within the Academy domain (ussa.edu) at the beginning of their first course of study. Bachelor’s students must use their ussa.edu address for all course work. All notices, newsletters and official communications that are sent by e-mail will be sent to the student’s ussa.edu account. Students are responsible for checking their assigned ussa.edu account periodically for such communications. Please note: It is the students’ responsibility to use the proper e-mail address in course work and to notify the Academy of any changes in their personal e-mail addresses. Students are also required to adhere to Academy policies with respect to use of the network and e-mail facilities described elsewhere in this catalog.

7.11. Catalog Coverage and Change
Although the Academy reserves the right to change policies and procedures and the student acknowledges this right by registering for a course, the Academy recognizes the student’s need to know graduation requirements and like policies. The catalog that articulates a student’s degree requirements will be based on the term in which they first register for courses. Students entering under one catalog will be expected to graduate under the guidelines of that catalog. If for whatever reason students may wish to change catalogs, this can be done by requesting a catalog change through the Office of Student Services. If students change catalogs, they are responsible for all the graduation requirements in the new catalog. Students have one opportunity to change catalogs.

7.12. Change of Major
Students wishing to change from one major to another or change emphasis in their current major, must submit a Change of Major or Emphasis Request form to the Office of Student Services. This form requires the signatures of the Departmental Chairs in each major and the Chief Academic Officer.
7.13. Committees – Structure and Function
The Academy operates by committee action. The highest committee is the President’s Cabinet, chaired by the President and Chief Executive Officer. The Academic Committee makes recommendations directly to the Cabinet for all academic and instructional design issues. The Academic Committee is chaired by the Chief Academic Officer and consists of the following regular members:

1. Dean for Undergraduate Studies,
2. Associate Dean for Doctoral Studies,
3. Director of Continuing Education and
4. Director of Student Services.

The following positions serve as ex-officios to the Academic Committee and are called to attend meetings and provide insight in decision making:

1. All Chairs,
2. Director of Instructional Design and
3. Librarian

As necessary, the Academic Committee appoints sub-committees to carry out functions such as student petitions.

7.14. Conferring of Degrees
When the student has completed all requirements for the bachelor’s degree, an application for graduation must be made to the Office of the Registrar. The $100 graduation fee must accompany this application. If a student has previously filed for graduation but did not receive the degree at that time, application and payment of the fee must be repeated. The Bachelor of Sports Science degree will not be conferred until the student’s academic file has undergone a graduation audit.

7.15. Continuance Policy
Degree-seeking bachelor’s students must have consecutive registration throughout their degree program. Consecutive registration means that there are no more than three months from the completion of one course to the registration of the next. A continuance fee of $50 will be assessed if a student does not register within this three-month period. If a student fails to enroll for six months from the completion of the last course and has not paid a continuance fee, the student will have to petition for re-admittance to the Academic Committee, be accepted, and then pay a $200 re-admittance fee before re-enrolling. The re-enrollment does not change the student’s Statute of Limitations, though the student will come under the catalog in effect at the time of re-admittance.

7.16. Course Descriptions-Expanded
An expanded course description is available for students who need more than the traditional short course description for certification, licensing, reimbursement and even transfer. Students desiring an expanded course description must write a letter to the Academic Committee requesting an expanded course description and naming the course title and number along with the reason for the
request. The Academy, solely at its discretion, reserves the right to withhold such services when it deems them inappropriate.

7.17. Course/Instructor Evaluation
At the end of each course, regardless of the mode of instruction, students are requested to complete one or more course/instructor evaluations that are submitted to the Office of Student Services. Evaluation results are shared with the course instructor and academic administration once the course is completed.

Online students must complete a Unit 11 course evaluation, including the comments section. Evaluation results are shared with the course instructor and academic administration once the course is completed.

7.18. Drug and Alcohol Policy
The Academy prohibits the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees on its property or as part of any of its activities. The Academy’s definitive alcohol and drug policy is distributed to all students, faculty and staff annually.

7.19. Examinations at the Bachelor’s Level
Exams: Distance-Learning Examinations must be taken at an approved national, regional or otherwise registered test center. Students are responsible for finding a suitable center, which may include a National Collegiate Testing location, Sylvan Learning location, Library, Military Education Facility or other College authorized testing center. The Referral Site is http://www.ncta-testing.org/ectc/. Students are responsible for paying the cost, if any, for the secure administration of the test. Students must bring their student identification cards or another form of identification with them to the test. (Any questions regarding this policy should be referred to the help desk in the Instructional Design Department at 251-626-3303).

7.20. Exit Interviews
Exit interviews are conducted with each student by the Institutional Effectiveness (IE) Committee and the Office of Financial Aid. The purpose of the IE interview is to ascertain the effect of academic programs on students, to identify student perceptions and to receive recommendations for program improvements. The purpose of the Financial-Aid interview is to fulfill Title IV federal mandates and communicate repayment responsibilities to each student who has had federal financial aid during all or part of the degree program.

7.21. Facilities

Computer Laboratory: The Academy maintains a computer laboratory for students in the Library. Hardware includes IBM-compatible computers with software for word processing. More advanced software applications are available on a reservation basis. The laboratory is open during regular Library hours. Students can access the Internet and other computer networks. Details concerning the capabilities and availability of the lab are available by contacting the Librarian. Students will be required to sign a Network Policy Form agreeing to abide by Institutional requirements.

19 September 2006
Transportation: All students are responsible for transportation to and from the Daphne campus, including airport transportation.

Library Learning Center: The Academy Library contains a variety of print materials both in book form (approximately 9,000 volumes) and in journal form. The best way to access periodical articles is through the online interface on the Academy’s website. It is updated regularly and supplies citations, abstracts or full-text articles.*

The Library is a member of OCLC (Online Computer Library Center), SOLINET (Southeastern Library Network, the regional arm of OCLC) and NAAL (Network of Alabama Academic Libraries). By virtue of these memberships, the Library is able to access the holdings of most libraries. OCLC’s holdings are well over 70 million with more than 9,000 institutions as members from all over the world.

NAAL was founded to promote resource sharing among Alabama academic libraries. There is no charge for loans from member libraries of NAAL.

*The Library’s online databases index covers 270,000 unique journals.

7.22. Recreational Facilities and Activities

Intramurals: The Academy offers facilities for outdoor tennis, basketball, team handball, volleyball and beach volleyball for student recreation. The Academy Club fitness center offers billiards, weight training, aerobics and racquetball. The Eagle’s Nest functions as a student lounge area. Intramural activities are scheduled to meet student interests. Historically, the most popular activities have been tournaments in basketball, volleyball, tennis, table tennis, golf and racquetball. For more information, contact the Office of Student Services.

Laboratory Facilities: The laboratory complex has two locations. One location, in the ground floor of the Academic unit, houses a laboratory used for human-performance testing and assessment and sports medicine rehabilitation. The second location is a fitness center located below ground level, which is used for strength and conditioning testing, assessment and programming.

Students may use a full complement of Exercise Physiology equipment including hydrostatic weighing, graded exercise testing equipment with maximal oxygen consumption analyzer for exercise performance on a treadmill or bike. Strength testing equipment consists of computer assisted modes of isometric, isotonic and isokinetic with electromyogram output. Kinematic motion analysis equipment is also available. A simulated athletic therapy room is available for graduate students to practice sports medicine skills.

7.23. Full-Time Student

A full-time undergraduate student is one who is normally registered for twelve semester-hours. With special permission from the Chief Academic Officer, students may register for an overload not to exceed 15 semester-hours in any one semester. When calculating student hours of undergraduate credit, distance-learning courses and mentorships will be included in the total hours in the semester in which the student initially registers for these courses.

7.24. Online-Grading Policies and Procedures

A distance-learner has a period of 15 weeks plus one additional week up front to receive materials to complete a course. The official start date for the 16-week period starts when the books are sent.
from the Academy. Students who do not complete the course in 16 weeks may request a 30-day extension for which they will pay $50. If not finished at the end of the first extension, they may request one additional 30-day extension for which they will pay another $50. Or, a student may purchase a full 60-day extension at one time for $100. At the completion of the 60-day extension period, the student will be awarded a grade based on the work completed up until the end of the extension period.

**Grading:** Students who do not complete their DL courses within 16 weeks will automatically receive a grade of “F” unless they request and receive a 30 or 60-day extension before the end of the course.

**7.25. Grading System**

The Academy uses the following four-point grading scale:

<table>
<thead>
<tr>
<th>Percentages</th>
<th>Letter Grade</th>
<th>GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>98-100</td>
<td>A+</td>
<td>4.0</td>
</tr>
<tr>
<td>93-97</td>
<td>A</td>
<td>4.0</td>
</tr>
<tr>
<td>90-92</td>
<td>A-</td>
<td>3.7</td>
</tr>
<tr>
<td>87-89</td>
<td>B+</td>
<td>3.3</td>
</tr>
<tr>
<td>83-86</td>
<td>B</td>
<td>3.0</td>
</tr>
<tr>
<td>80-82</td>
<td>B-</td>
<td>2.7</td>
</tr>
<tr>
<td>77-79</td>
<td>C+</td>
<td>2.3</td>
</tr>
<tr>
<td>73-76</td>
<td>C</td>
<td>2.0</td>
</tr>
<tr>
<td>70-72</td>
<td>C-</td>
<td>1.7</td>
</tr>
<tr>
<td>67-69</td>
<td>D+</td>
<td>1.3</td>
</tr>
<tr>
<td>63-66</td>
<td>D</td>
<td>1.0</td>
</tr>
<tr>
<td>60-62</td>
<td>D-</td>
<td>0.7</td>
</tr>
<tr>
<td>0-59</td>
<td>F</td>
<td>0.0</td>
</tr>
</tbody>
</table>

A cumulative grade point average (GPA) of 2.0 is required for graduation. In computing the required 2.0 averages necessary for the conferment of the bachelor’s degree, the total number of quality points is divided by the total number of semester-hours for which a letter grade is assigned. Grades earned at other institutions and transferred to the Academy cannot be used in the determination of the grade point average for conferment of the degree. The following symbols are substitutes for grades:

**I = Incomplete** Assigned by the instructor in cases where the recitation and test grades are satisfactory, but the student is unable to fulfill all course requirements due to reasons beyond control.

**IP = In Progress** Assigned to the mentorship course until the course is completed.

**P = Passed Transfer-Credit** Recorded on the permanent record of a student who has had transfer-credit accepted for an Academy course. The grade of P does not affect the GPA.

**W = Withdraw** Recorded on the permanent record of a student who withdraws from the Academy or from a course, provided the withdrawal occurs within the time limits listed in the official calendar. The grade of W does not affect the GPA.

19 September 2006
H Assigned to students who are unable to complete their course work due to extenuating medical issues or active military duty. Documentation from their physicians (in medical circumstances) or military commanders (for active duty circumstances) is required.

7.25.1 Honors Designations
Students will be recognized for academic achievement by attaining certain grade point averages through the completion of their studies in the bachelor’s degree program. A chart of such Honors Designations appears below. These designations will appear on their transcripts.

<table>
<thead>
<tr>
<th>Honors Designation</th>
<th>Grade Point Average</th>
</tr>
</thead>
<tbody>
<tr>
<td>Summa Cum Laude</td>
<td>3.80-4.00</td>
</tr>
<tr>
<td>Magna Cum Laude</td>
<td>3.60-3.79</td>
</tr>
<tr>
<td>Cum Laude</td>
<td>3.40-3.59</td>
</tr>
</tbody>
</table>

7.26. Grade-Appeal Procedures
The purpose of the grade-appeal procedure is to afford an opportunity for a bachelor’s student to appeal a grade the student feels was inequitably awarded, in that it involved a violation or departure from the instructor’s course specified grading standards which were contained in the course syllabus at the beginning of the course. The student may appeal the grade in the four-step process below:

1. The student must communicate with the instructor in question and attempt to resolve any differences in an informal manner.
2. A student who is unable to resolve the differences in an informal manner must file a written appeal with the Chief Academic Officer within 15 days following assignment of the disputed grade. All appeals will be date stamped and logged in on the date received.
3. The Chief Academic Officer will appoint a review panel composed of at least two impartial faculty members for each case. The review panel must be appointed and render its decision within three weeks from the date that the appeal is received in the Office of Academic Affairs. A unanimous decision shall be final and binding on all parties concerned. The Chief Academic Officer or designee shall inform all parties of the decision.
4. A split opinion by the review panel will be referred to the Academic Committee for final disposition. The Academic Committee must render its decision within three weeks from the date of the review panel majority decision. The majority decision of the Academic Committee shall be final and binding on all parties concerned. The Chief Academic Officer or designee shall inform all parties of the decision.

Any student who believes that a particular academic or degree requirement should be altered due to unusual circumstances may petition the Academic Committee for a review of the requirement.

7.27. Graduation Requirements
To be eligible to walk in the graduation ceremonies, students must:

1. Submit all required admissions material;
2. Have a cumulative 2.0 or better grade point average;

19 September 2006
3. Successfully complete all academic requirements;
4. Pay all fees, including the graduation fee;
5. Complete the Application for Graduation form (Available from the Registrar); and
6. Complete Exit interviews and survey.

7.28. Health Services
Any student needing health care or counseling will be referred to a local health care provider. The costs associated with health care or counseling are the responsibility of the student. Referral by the Academy does not constitute acceptance of indebtedness by the Academy for services rendered (See Insurance section below regarding health insurance coverage).

7.29. Holds
Two types of holds may be placed on student records under certain circumstances:

7.29.1 Academic Holds
The Chief Academic Officer (or designee), Dean of Student Services or the Registrar may place an academic hold on the student’s file.

An academic hold may be placed on a student’s record if the student’s admission file is not complete after 12 credit-hours have been completed.

A student who has an academic hold is prevented from registering for additional course work until all official documents required for admission have been received. The academic hold will be released upon completion of the student’s admission file.

7.29.2 Administrative or Business Holds
The Chief Operating Officer, Dean of Student Services, the Registrar or a Senior Administrator may place a business hold on a student’s file. An administrative hold may be placed on a student’s record for checks written on insufficient funds, library fines, unreturned library materials, outstanding financial balances on the student’s account or defaults on a student’s financial-aid loan package.

A student who has an administrative hold is prevented from receiving student grade reports or student transcripts. Additionally, the student will be prevented from registering for additional course work or receiving additional financial-aid awards until all of the above stated conditions have been cleared with the Academy.

7.30. Mentorship – Culminating Experience
The culminating experience in the bachelor’s degree program is an experiential education component called a “mentorship”. The mentorship is done under the direction of the student’s advisor and with a mentor in the sport field and requires 300 clock-hours of activity based on specific learning goals and objectives. The mentorship also requires monthly diary reports, a final evaluation and a 5,000-word project paper describing how the learning objectives were or were not achieved.

7.31. Insurance
Students are required to have liability coverage and are urged to secure membership in and coverage from a professional association related to their chosen field. (See Professional Affiliate Organizations in the Student Organization section of this catalog).
This is particularly important for students involved in a mentorship. Although at the present time the Academy has liability insurance for properly registered students, continued coverage can not be guaranteed and students should be prepared to provide their own liability insurance.

**7.32. Microsoft Campus Agreement**

The Academy has entered into a Microsoft Campus Agreement (MSCA) beginning in the fall 2005 semester. The Microsoft Campus Agreement is an annual licensing program that provides Academy students, faculty and staff access to the following Microsoft products for use on Academy computers and on a personally-owned computer:

1. Microsoft Office 2004 Professional Edition (PC and Mac)
2. Windows XP Professional (upgrade -- user must already have a valid Windows license).

The Academy has entered into this agreement to provide students with common software programs for the preparation of written assignments and communications. It is anticipated that implementation of the MSCA will eliminate problems encountered with student submissions that could not be accessed by faculty due to software compatibility problems. For that reason, all written work must use the provided Office 2004 software.

**Terms of Use**

Under terms of the MSCA, the Academy is allowed to extend to its students, faculty and staff the right to use the software on a personally owned computer in the course of their Academy studies and work. Ownership of the software licenses or media is not transferred to the Academy, students, faculty or staff; rather the MSCA provides a license to use the software during the term of the agreement.

**Eligibility**

Students must be registered in a degree program (bachelor’s, master’s or doctoral) and maintain continuous "student" status in accordance with Academy Policy until they graduate.

**Procedure**

Before receiving the software, students must complete and submit to the Academy a Student User’s Acceptance Form found at http://www.ussa.edu/ussanet/index.asp. New students will be automatically enrolled in the MSCA and must complete and submit the Student User’s Acceptance Form.

**Termination of participation in the MSCA:**

**Student Graduation:** If a student graduates during the Campus Agreement term, the Software license will convert to a perpetual license, at no cost to the student, as verified in the Student License Confirmation, which must be obtained from the Academy at that time. The Student License Confirmation is proof of software ownership.

**Loss of Student Status:** Students who are dismissed, withdraw or who otherwise lose student status must comply with the terms of the Student User’s Acceptance Form which requires immediate cessation of use of the software.

**7.33. Motor Vehicle Registration/Parking**

Students operating and parking a vehicle on campus must have a current parking decal clearly affixed to the left corner of the vehicle’s rear window. Students must register their vehicles and
obtain decals at orientation/registration. Any student violating parking and traffic regulations is subject to a fine. After a semester has begun, parking decals may be obtained from the Office of Logistics.

7.34. **Online-Course Grading**

The weighting system for all distance-learning course elements at the bachelor’s level is as follows:

1. Threaded Discussion  20%
2. Assignments  30%
3. Quizzes  20%
4. Final Exam  30%

7.35. **Online-Student Security**

All students are responsible for security with respect to their log-on and passwords and they are responsible for any activity utilizing the various Academy computer resources. Students inappropriately sharing or distributing passwords or log-ons to unauthorized individuals will be subject to disciplinary action up to and including expulsion from the program.

7.36. **Program of Study (POS)**

After admission into a program, the student should prepare a program of study. The program of study must meet all the requirements for the program and should be reviewed and signed by the Chief Academic Officer or a faculty member. A copy of the approved program of instruction should be filed in the Office of Student Services.

7.37. **Re-admittance**

Students must petition the Academic Committee and pay the $200 re-admittance fee in order to enroll for classes after an absence of two semesters in which continuance fees were not paid for each semester.

Extension of course work from one semester to the next without registration does not constitute enrollment in the current semester.

When a student is readmitted, the student must adopt the academic program of the most recent catalog in effect at the time of re-admittance. The student is responsible for completing any and all of the requirements of the new catalog.

7.38. **Refund Policy**

Refund of tuition for a student withdrawing from the Academy or a student who is dismissed or suspended is made in accordance with the following schedule. It should be noted that this schedule is based on the requirements of the U.S. Department of Education with respect to students receiving Title IV funding. The administrative fee charge is the lesser of 5% or $100 of the total paid.
7.38.1. Distance-Learning

Prior to the shipment of course materials ................................................................. 100%
On the day of shipment .............................................................................. 100% less administrative fee
Through the first eight days after shipment ........................................... 90% less administrative fee
Through the first 19 days after shipment ................................................ 50% less administrative fee
Through the first 38 days after shipment ................................................ 25% less administrative fee
After 38 days from date of shipment ........................................................... no refund

7.38.2. Mentorship-Culminating Experience

Through the first five days after registration .................................. 100% less administrative fee
Through the first 25 days after registration ........................................ 95% less administrative fee
Through the first 60 days after registration ......................................... 50% less administrative fee
Through the first 125 days after registration ....................................... 25% less administrative fee
126 days after registration ................................................................. no refund

Processing of refunds requires at least two weeks. Students with financial aid should consult the Financial-Aid Review section or contact the Financial Aid Center for additional information on withdrawing or falling below half-time status.

7.39. Repeat Policy

A student may repeat a course one time and only for a course in which a grade of “F” was received. To repeat a course, a student must enroll and pay the tuition and fees for the course.

When a course is repeated, the original grade will remain posted on the student’s permanent record but the grade will not be used in computing the cumulative grade point average. The repeat grade will also be posted to the permanent record and will be used to compute the grade point average.

A student must petition the Academic Committee to repeat a course more than one time.

7.40. Residential and Distance-Learning Faculty

The Academy utilizes both resident and distance-learning faculty in order to fulfill the academic mission of the institution. Distance-learning faculty teach online courses only and may live in different areas of the country. All Academy faculty members must have appropriate preparation in a relative academic field as defined by the Commission on Colleges of the Southern Association of Colleges and Schools.

7.41. Special Student Services

7.41.1. Students with Disabilities

The Academy follows the applicable provisions of 29 USC 794 and 20 USC 1401 with respect to disabled students. For more information visit http://www.usdoj.gov/crt/ada/.

7.41.2. International Students:

19 September 2006
Services for international students who are enrolled include an orientation to the Academy and community as well as assistance with immigration and naturalization procedures. Contact the Office of Student Services for assistance or information.

7.42. Statute of Limitations for Degree Completion

All requirements for the Bachelor of Sports Science degree must be completed within four years from the time the student first enrolls in the degree program. In special cases, students may petition the Academic Committee for an extension not to exceed one additional year provided the petition is made before the end of the original Statute of Limitations date. The student must be in good academic standing to petition.

The mobilization and call to active duty of reservists and National Guard members and the deployment of active duty military personnel creates special limitations. Students of the Academy who are Reservists or members of the National Guard ordered to active duty or active-duty military personnel ordered to deploy abroad will have the option of:

1. Receiving an administrative extension. Under this option, students will be able to continue their courses upon release from active duty or deployment, provided they are able to resume work in the course within three months from the date work was suspended. In the event that study does not resume within three months, students will be required to start over at the beginning of the course, though they will not be assessed any tuition or fees for doing so.

2. Withdrawing from the course of study without penalties.

Students requesting an administrative extension or withdrawal will be required to provide copies of their official orders indicating their return to active-duty or deployment.

7.43. Student Conduct

Enrollment at the Academy is entrance into an academic community. As such, students voluntarily assume obligations of performance and behavior expected by the Academy. Disciplinary procedures are authorized and administered to prevent obstruction of the mission, processes and structure of the Academy.

Students attending the Academy are accepted as responsible adults working with faculty colleagues in pursuit of knowledge. Since freedom must be balanced by individual responsibility and respect for the rights, responsibilities and freedom of others, students are held accountable for their own decisions and actions. The Academy considers unacceptable behavior to be actions that jeopardize the rights and freedom of others or adversely affect the integrity of the Academy. Such actions may result in discipline ranging from probation to expulsion.

The Academy reserves the right to deny admission or continued attendance to a student whose actions are contrary to the policies and procedures of the Academy. As an independent institution, the Academy explicitly reserves the right to judge whether it is in the best interest of the institution that a student be allowed to continue affiliation and may, for reasons deemed sufficient by the Academy itself, discontinue affiliation. By registering, the student concedes to the Academy the right to require withdrawal whenever the Academy deems withdrawal necessary. The provisions of this catalog do not constitute a contract, expressed or implied, between any applicant, student or faculty member, and the Academy. This catalog reflects the general nature of and conditions concerning the educational services of the Academy effective at the time of preparation.
In the event the offense is serious enough to warrant disciplinary action, the following six steps will be taken to ensure that all due process requirements are met.

1. The Chief Academic Officer will notify the student in writing of the specific infraction. The notification will include the nature of the infraction and the policy or rule violated. The notice will state the date, time, and place of a hearing on the charges and the option for the student to waive the right of a hearing and have an informal conference with the Chief Academic Officer, or designee, for disposition of the matter.

2. The student may waive, in writing, the right to a hearing and may instead have an informal conference with the Chief Academic Officer for disposition of the matter. Once waived, the outcome of the informal conference will be binding on all parties concerned.

3. Normally, seven to 10 days will be given for the student to prepare for the hearing, depending on the seriousness of the offense. When necessary, students may attend the hearing by electronic means where they can speak and be heard. In all cases, all validated documentation to be considered by the committee must be available at the Academy at least two working days prior to the hearing.

4. The hearing will be held before the platform subcommittee of the Academics Committee. Although the hearing is not intended to be an adversarial forum, the student may have an attorney present who may advise the student but not directly address the hearing panel. The principles of privilege against self-incrimination do not apply. Testimony given by a student in a school disciplinary hearing can later be used in legal proceedings.

   The Academy recognizes and processes student misconduct using "Preponderance of Evidence". Preponderance of evidence means that the evidence, as a whole, shows that the facts sought to be proven are more probable than not. This is the standard used in adjudicating all disciplinary cases within Academy policy.

5. The hearing panel will then provide a recommendation to the Chief Academic Officer within five working days from conclusion of the hearing. The Chief Academic Officer will review the recommendation of the panel and render a decision within five working days. That decision can be to ratify the decision and recommendation of the panel or to require a new hearing which would be conducted by the Academic Committee of the whole. The student will be notified in writing of this decision and the process for a hearing, steps one through five above, will be repeated in the case where the Academic Committee as a whole reviews the recommendation.

6. The Chief Academic Officer will notify the student of the final disposition of the matter within five working days of rendering a final decision.

A student may appeal an adverse decision. Within 15 days after the decision rendered by the Chief Academic Officer, the student has the right to appeal the decision to the President of the institution. Appeals must be made in writing. On such an appeal, decisions rendered by the President shall be final.

7.44. Student Organizations

The Academy offers students the opportunity to participate in three formal organizations:

The Alumni Association is open to any student who has registered for one or more courses at the Academy. Alumni will receive a 10% discount on bookstore purchases. Alumni will also receive an annual subscription to The Academy and the Sport Supplement publications, an Academy lapel pin and access to career and job listings on the Academy Web site.
The American Sport Art Museum and Archives (ASAMA) is open to all Academy alumni and students. Membership options begin at $20 per year and entitles students to take part in all ASAMA sponsored events including art shows, exhibitions and presentations (with the exception of the Awards of Sport Banquet, should one be held).

The Student Ambassador Club represents the institution as hosts/hostesses or greeters at official functions of the Academy. Selection is based on potential contribution to the overall mission of the Academy. Ambassadors are usually selected in the fall semester of each year. Appointments continue at the convenience of the Academy, normally for one academic year, or that portion of the year in which the student is present on campus.

Professional Affiliate Organizations should be joined by student members. The following are examples of such organizations:

1. American Alliance for Health, Physical Education, Recreation and Dance
   1900 Association Drive
   Reston, VA 22091

2. American College of Sports Medicine
   401 West Michigan Street
   Indianapolis, IN 46202-43222

3. American Physical Therapy Association Sports Medicine Section
   1156 15th Street, NW

7.45. Student Petitions

Students seeking redress for an issue not related to grade appeal or student conduct that may arise at or with the institution should first attempt to do so on an informal basis. When students feel that informal means have not resolved an issue, they may appeal the issue for further consideration in a formal manner. The process established for such petitions includes the following steps:

1. The student may file a written petition within 30 days from the date when the informal attempt to resolve the issue was concluded. The written petition must be filed with the Chief Academic Officer and should include a detailed explanation of the circumstances involved. The Chief Academic Officer or Designee will officially log the petition in, noting the date and time received.

2. All formal written petitions shall be considered by the petition’s subcommittee of the Academic Committee. The subcommittee shall investigate the petition to ascertain all the facts in the matter and make a recommendation within 15 days of receipt of the petition to the Chief Academic Officer.

3. The Chief Academic Officer shall have the final right of accepting or rejecting the subcommittee’s recommendation. Students shall then be informed of the decision made by the Chief Academic Officer within 15 days of that recommendation.

4. Within 15 days after the decision has been rendered by the Chief Academic Officer, students have the right to appeal the decision to the President of the institution. Appeals must be made in writing. On such an appeal, decisions rendered by the President shall be final.

7.46. Student Rights

The Academy follows the provisions of the Family Educational Rights and Privacy Act of 1974 (Buckley Amendment), as amended. In compliance therewith, a copy of the Act can be accessed through the web at http://www.ed.gov/policy/gen/guid/fpco/ferpa/index.html. Under pertinent provisions of the Act, the items listed below are designated as “Directory Information” and may be released for any purpose at the discretion of the Academy, unless the student exercises his/her right to withhold the disclosure of any or all of the categories of “Directory Information”.

Category I: Name, address, telephone number, dates of attendance and class.

Category II: Previous institution(s) attended, major field of study, awards, honors and degree(s) conferred.

Category III: Past and present participation in officially recognized sports and activities, physical factors (height, weight of athlete), date and place of birth.

19 September 2006
Unless a signed form is received in the Office of Student Services stating that the above information may not be released, it will be assumed that the information may be disclosed.

7.46.1. Student Rights for Records and Disclosure

1. Students have the right to review their academic records and challenge any information believed to be inaccurate or misleading. The institution requires that a staff member be present during a student’s review.

2. Students have the right to acquire transcripts of their own academic records from the Academy. Such transcripts will be labeled “Issued to Student”. Issuance of transcripts is subject to the applicable fee policy in this regard.

3. The Academy will not provide transcripts of academic records for reasons such as non-payment of financial obligations; however, students cannot be denied the right to inspect and review their own records.

4. The Academy requires students to submit a signed request for transcripts of academic records. Other requests such as proof of full-time enrollment, must be in writing and must be submitted to the Registrar’s office.

5. The Academy does not provide students with copies of original or source documents available elsewhere, such as transcripts from another institution or Graduate Record Examination, Miller Analogies Test, Graduate Management Aptitude Test or Test of English as a Foreign Language test scores.

6. A student identification number will be assigned to each student for tracking purposes.

7.47. Release of Grades

Students can view their grades online, which makes them available much sooner. Grades will no longer be mailed to the students and will not be given over the telephone. To view their grades, students should contact the Registrar, who will e-mail to the student a portal login and password. Students can then access the Student Service portion of the website and select “Student Records & Information”. From there, students select “Student” to login, then type in their student IDs and the new password assigned by the Registrar. Students who experience difficulty with this procedure should contact the help desk through the Academy or call Student Services at 251-626-3303.

7.48. Textbook Policy

Since the majority of students take some or all of their courses by distance-learning and the Academy wants to ensure similar learning for all students, each course has a specific text around which the contents of the course are developed. Since the books are standardized for each course, the Academy requires that students purchase their texts for each course from the Academy’s Sports Bookstore. This insures that the student will receive the correct text for the course materials which, in turn, maximizes student learning.

7.49. Transcripts

All transcript requests must be in writing and must have the student’s identification and signature. All requests must be directed to the Registrar’s office. No transcript will be furnished to a student who has an outstanding balance due the Academy as evidenced by an administrative hold placed on the student’s file. It is against Academy policy to fax academic transcripts. Transcripts will only be released and delivered in hard copy. There is a $10.00 charge for each transcript issued after the first one, which is provided free of charge.
7.50. Weapons Policy
The Academy prohibits the possession or use of firearms or weapons of any type on the Academy premises. The definition of weapons shall include all types of firearms (regardless of size), knives (other than small pocket knives with a blade length of 3 inches or less), mace and pyrotechnic devices (e.g. fireworks).

Infractions will be considered and evaluated on a case-by-case basis as a student disciplinary matter (See the Student Conduct section). The Academy reserves the right to deny admission or continued attendance to a student whose actions are contrary to the policies and procedures of the Academy. Punishment for a weapons infraction may include suspension for a semester or immediate expulsion of the student.

7.51. Withdrawing from the Academy
Students who withdraw from the Academy while a semester is in progress must complete a withdrawal form, which is available from the Office of Student Services. An Exit interview will be conducted by the Director of Financial Aid as part of the withdrawal process. Withdrawal becomes effective the day the form is received by the Registrar’s office. Refunds, if applicable, may not be authorized without completion of the exit interview and the withdrawal form.

7.52. Coordinator of Student Services
Coordinators of Student Services (CSS) personnel are responsible for providing student services support to students off-campus. CSS people may provide all on-campus services presently offered on-campus by the Student Services Department to off-campus distance learning students. Students who have enrolled with the assistance of a CSS should contact that person as a first recourse for a problem resolution. If the problem or question is not resolved, students may then contact the Department of Student Services.

Addendum A

Student Rights and Responsibilities Statement

Honor Code for the United States Sports Academy

By enrolling at the United States Sports Academy, students join a global community of scholars who are committed to the pursuit of excellence in the instructional process. The Academy expects that all students will pursue their studies with both integrity and honesty. Those students who choose not to do so are forewarned that academic integrity and honesty are taken seriously at the Academy. Any student caught in academic dishonesty, including but not limited to plagiarism and cheating, will be subject to disciplinary action, which may include expulsion from the program.

Notice to All Students

The Academy is an equal opportunity, coeducational, not-for-profit institution of higher learning. It is open to all students and faculty and does not discriminate in admissions or employment on the basis of race, color, sex, age, religion, disability or national origin. Every effort has been made to include information in the catalog which, at the time of printing, most accurately and pertinently mirror the Academy within the context in which it is offered. However, the provisions of this catalog are subject to change by the Academy without prior notice and do not constitute a contract between any student and the Academy. As an independent institution, the Academy explicitly reserves the right to judge whether it is in the best interest of the institution that a student be allowed to continue affiliation and may, for reasons deemed sufficient by the Academy itself, discontinue affiliation. By registering, the student concedes to the Academy the right to require withdrawal whenever the Academy deems withdrawal necessary.

Academic Integrity

Students should maintain high standards of conduct both in their personal behavior and in their academic work. Disrespect for, or violation of, these standards is a serious offense. The penalty for violations against academic integrity could result in failure on a paper or in a class, or dismissal from the Academy. The process of notification is described in the *Student Conduct* section of this catalog.

Cheating is unacceptable behavior in which students use someone else’s work and represent it as their own. Examples of this would include but are not limited to: copying another student’s answers during an examination, using unauthorized materials during an examination or having someone else take an examination. Using unauthorized test materials and/or disseminating them to others is also considered cheating.

Plagiarism is a form of cheating. Utilizing information from other people’s work in a paper or project is acceptable under the following conditions:

3. If the exact written words of another person are placed in quotation marks and the last name, year and page number where the quote may be found is cited, this is acceptable. A quote exceeding 40 words must be indented in a block without quotation marks.

4. If students paraphrase other people’s work, the concept or information must be restated in their own words, not just rearranged in the sentence. Students must also cite the author and year of publication and they should be very careful when taking notes to put quotes in the exact wording, or to put the paraphrased information in the notes.

**Submitting the same paper or part of a paper for more than one course is not permitted.**
The abuse of Library materials by writing in journals or books, tearing out pages or taking materials from the library without properly checking them out is strictly forbidden.

**Attendance Policy: Distance-Learning**
Students who are enrolled in a web-based course must log on and complete the first course assignment within two weeks of course registration. Students are expected to systematically satisfy all of the course assignments and learning activities in accordance with the syllabus within the prescribed 16-week time frame or pay the appropriate extension fees. In no case will a student be allowed to submit work following the exhaustion of two 30-day course extensions or one 60-day course extension.

**Drug and Alcohol Policy**
The Academy prohibits the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees on its property or as part of any of its activities. The Academy’s definitive alcohol and drug policy is distributed to all students, faculty and staff annually.

**Grade-Appeal Procedures**
The purpose of the grade-appeal procedure is to afford an opportunity for a bachelor’s student to appeal a grade the student feels was inequitably awarded, in that it involved a gross violation or departure from the instructor's course specified grading standards which were contained in the course syllabus at the beginning of all residential or distance learning courses. The student may appeal the grade in the four-step process below:

1. The student must communicate with the instructor in question and attempt to resolve any differences in an informal manner.
2. A student who is unable to resolve the differences in an informal manner must file a written appeal with the Chief Academic Officer within 15 days following assignment of the disputed grade. All appeals will be date stamped and logged in on the date received.
3. The Chief Academic Officer will appoint a review panel composed of at least two impartial faculty members for each case. The review panel must be appointed and render its decision within three weeks from the date that the appeal is received in the Office of Academic Affairs. A unanimous decision shall be final and binding on all parties concerned. The Chief Academic Officer or designee shall inform all parties of the decision.
4. A split opinion by the review panel will be referred to the Academics Committee for final disposition. The Academics Committee must render its decision within three weeks from the date of the review panel majority decision. The majority decision of the Academics Committee shall be final and binding on all parties concerned. The Chief Academic Officer or designee shall inform all parties of the decision.

**Online-Student Security**
All students are responsible for security with respect to their log-on and passwords, and any activity utilizing the various Academy computer resources. Students inappropriately sharing or distributing passwords or log-ons to unauthorized individuals will be subject to disciplinary action up to and including expulsion from the program.

To provide the best test security, the Academy has added the dimension of Exam Guard for final examinations. Any tampering or abuse of the security by students will result in disciplinary action up to an including expulsion from the program.
Student Conduct

Enrollment at the Academy is entrance into an academic community. As such, students voluntarily assume obligations of performance and behavior expected by the Academy. Disciplinary procedures are authorized and administered to prevent obstruction of the mission, processes and structure of the Academy.

Students attending the Academy are accepted as responsible adults working with faculty colleagues in pursuit of knowledge. Since freedom must be balanced by individual responsibility and respect for the rights, responsibilities and freedom of others, students are held accountable for their own decisions and actions. The Academy considers unacceptable behavior to be actions that jeopardize the rights and freedom of others or adversely affect the integrity of the Academy. Such actions may result in discipline ranging from probation to expulsion.

The Academy reserves the right to deny admission or continued attendance to a student whose actions are contrary to the policies and procedures of the Academy. As an independent institution, the Academy explicitly reserves the right to judge whether it is in the best interest of the institution that a student be allowed to continue affiliation and may, for reasons deemed sufficient by the Academy itself, discontinue affiliation. By registering, the student concedes to the Academy the right to require withdrawal whenever the Academy deems withdrawal necessary. The provisions of this catalog do not constitute a contract, expressed or implied, between any applicant, student or faculty member, and the Academy. This catalog reflects the general nature of and conditions concerning the educational services of the Academy effective at the time of preparation.

In the event the offense is serious enough to warrant disciplinary action, the following six steps will be taken to ensure that all due process requirements are met.

1. The Chief Academic Officer will notify the student in writing of the specific infraction. The notification will include the nature of the infraction and the policy or rule violated. The notice will state the date, time and place of a hearing on the charges and the option for the student to waive the right of a hearing and have an informal conference with the Chief Academic Officer, or designee, for disposition of the matter.

2. The student may waive, in writing, the right to a hearing and may instead have an informal conference with the Chief Academic Officer for disposition of the matter. Once waived, the outcome of the informal conference will be binding on all parties concerned.

3. Normally, seven to 10 days will be given for the student to prepare for the hearing, depending on the seriousness of the offense. When necessary, students may attend the hearing by electronic means where they can speak and be heard. In all cases, all validated documentation to be considered by the committee must be available at the Academy at least two working days prior to the hearing.

4. The hearing will be held before the platform subcommittee of the Academics Committee. Although the hearing is not intended to be an adversarial forum, the student may have an attorney present who may advise the student but not directly address the hearing panel. The principles of privilege against self-incrimination do not apply. Testimony given by a student in a school disciplinary hearing can later be used in legal proceedings.

The Academy recognizes and processes student misconduct using "Preponderance of Evidence". Preponderance of evidence means that the evidence, as a whole, shows that the facts sought to be proven are more probable than not. This is the standard used in adjudicating all disciplinary cases within Academy policy.

1 September 2006
5. The hearing panel will then provide a recommendation to the Chief Academic Officer within five working days from conclusion of the hearing. The Chief Academic Officer will review the recommendation of the panel and render a decision within five working days. That decision can be to ratify the decision and recommendation of the panel or to require a new hearing which would be conducted by the Academic Committee of the whole. The student will be notified in writing of this decision and the process for a hearing, steps one through five above, will be repeated in the case where the Academic Committee as a whole reviews the recommendation.

6. The Chief Academic Officer will notify the student of the final disposition of the matter within five working days of rendering a final decision.

A student may appeal an adverse decision. Within 15 days after the decision rendered by the Chief Academic Officer, the student has the right to appeal the decision to the President of the institution. Appeals must be made in writing. On such an appeal, decisions rendered by the President shall be final.

Student Petitions
Students seeking redress for an issue not related to a grade appeal or student conduct that may arise at or with the institution should first attempt to do so on an informal basis. When students feel that informal means have not resolved an issue, they can appeal the issue for further consideration in a formal manner. The process established for such petitions includes the following steps:

1. The student may file a written petition within 30 days from the date when the informal attempt to resolve the issue was concluded. The written petition must be filed with the Chief Academic Officer and should include a detailed explanation of the circumstances involved. The Chief Academic Officer or Designee will officially log the petition in, noting the date and time it was received.

2. All formal written petitions shall be considered by the petition’s subcommittee of the Academic’s Committee. The subcommittee shall investigate the petition to ascertain all the facts in the matter and make a recommendation within 15 days of receipt of the petition to the Chief Academic Officer.

3. The Dean shall have the final right of accepting or rejecting the sub-committee’s recommendation. The student shall then be informed of the decision made by the Chief Academic Officer within 15 days of that recommendation.

4. Within 15 days after the decision rendered by the Chief Academic Officer, students have the right to appeal the decision to the President of the institution. Appeals must be made in writing. On such an appeal, decisions rendered by the President shall be final.

Student Rights
The Academy follows the provisions of the Family Educational Rights and Privacy Act of 1974 (Buckley Amendment), as amended. In compliance therewith, a copy of the Act can be accessed through the web at [http://www.ed.gov/policy/gen/guid/fpco/ferpa/index.html](http://www.ed.gov/policy/gen/guid/fpco/ferpa/index.html). Under pertinent provisions of the Act, the items listed below are designated as “Directory Information” and may be released for any purpose at the discretion of the Academy, unless the student exercises his/her right to withhold the disclosure of any or all of the categories of “Directory Information”.

Category I: Name, address, telephone number, dates of attendance and class.

Category II: Previous institution(s) attended, major field of study, awards, honors and degree(s) conferred.

1 September 2006
Category III: Past and present participation in officially recognized sports and activities, physical factors (height, weight of athlete), date and place of birth.

Unless a signed form is received in the Office of Student Services stating that the above information may not be released, it will be assumed that the information may be disclosed.

**Student Rights for Records and Disclosure**

Students have the right to review their academic records and challenge any information believed to be inaccurate or misleading. The institution requires that a staff member be present during a student’s review.

Students have the right to acquire transcripts of their own academic records from the Academy. Such transcripts will be labeled “Issued to Student”. Issuance of transcripts is subject to the applicable fee policy in this regard.

The Academy will not provide transcripts of academic records for reasons such as nonpayment of financial obligations; however, students cannot be denied the right to inspect and review their own records.

The Academy requires students to submit a signed request for transcripts of academic records. Other requests, such as proof of full-time enrollment, must be in writing and must be submitted to the Registrar’s Office.

The Academy does not provide students with copies of original or source documents available elsewhere, such as transcripts from another institution or Graduate Record Evaluation (GRE), Miller Analogies Test (MAT), Graduate Management Aptitude Test (GMAT) or Test of English as Foreign Language (TOEFL) test scores.

A student identification number will be assigned to each student for tracking purposes.

**Student Rights for Release of Grades**

Students can view their grades online. Grades are not mailed to the students and will not be given over the telephone. To view grades, a student should contact the Registrar, who will provide the student with a special password. The student can then access the Student Services page of the website and select “Student Records & Information”. From there, the student can select “Student” to login, and types in a student ID and new password assigned by the Registrar. Students who experience difficulty with this procedure should contact Student Services at 251-626-3303.

**Weapons Policy**

The Academy prohibits the possession or use of firearms or weapons of any type on the Academy premises. The definition of weapons shall include all types of firearms (regardless of size), knives (other than small pocket knives with a blade length of 3 inches or less), mace and pyrotechnic devices (e.g. fireworks).

Infractions will be considered and evaluated on a case-by-case basis as a student disciplinary matter (see the Student Conduct section). The Academy reserves the right to deny admission or continued attendance to a student whose actions are contrary to the policies and procedures of the Academy. Punishment for a weapons infraction may include suspension for a semester or an immediate expulsion of the student.
Sexual Harassment
The Academy policy prohibits harassment based on race, color, sex, religion, national origin, age or disability. The term sexual harassment, for purposes of this policy, shall mean unwelcome sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature or harassing conduct of any nature undertaken because of the target employee or student’s sex. While the term is hard to define, sexual harassment may include: explicit sexual propositions; sexual innuendo; suggestive comments; sexually orientated kidding or teasing; practical jokes of a sexual nature; jokes about gender-specific traits; foul, obscene or vulgar language or gestures; displays of foul, obscene or sexually suggestive printed or visual material; unwelcome advances of a heterosexual or homosexual nature; promises of favorable employment or classroom decisions; threats of negative employment or classroom decisions; unwelcome physical contact such as patting, pinching or brushing against another’s body; or abusive words or conduct of any kind, whether or not of a sexual nature, that are undertaken because of the target of the employee or student’s sex.

Any employee or student who believes that he or she has been harassed in violation of this policy may submit a confidential written complaint to the individual’s supervisor, Director of Administration, Chief Academic Officer, Dean of Student Services or the Academy President. The written complaint shall identify the person, or persons, involved, the nature of the offensive conduct and any witnesses. The President will appoint a responsible individual to investigate the matter and recommend a course of action. The complaint will be investigated confidentially to the extent possible. Following the investigations, statements of the person claiming harassment and the accused harasser will be taken and reviewed by general counsel.

The employee or student making the complaint and the accused employee or student about whom the complaint is made will be advised of the outcome of the investigation. The Academy President, or the general counsel if the president is involved in the accusation, will determine whether sexual harassment has occurred and what action must be taken. In determining whether the alleged conduct constitutes sexual harassment, the totality of the circumstances, the nature of the harassment and the context in which the alleged incidents occurred will be investigated.

Every employee or student shall acknowledge in writing his or her obligation to refrain from harassment and to follow the policy’s procedure for reporting harassment.

Any employee or student who violates this policy is subject to disciplinary action up to and including immediate discharge/dismissal, even for a first-time offense.

The United States Sports Academy accepts students regardless of race, religion, gender, age, disability or national origin.

The Student Rights and Responsibilities policy is posted on the Academy website at the following address: http://www.ussa.edu/services/students-rights.asp.
APPLICATION FOR ADMISSION
UNITED STATES SPORTS ACADEMY
"America's Sports University"
Bachelor of Sports Science Degree Program

PROCEDURES TO APPLY:

**BACHELOR OF SPORTS SCIENCE DEGREE**
- Completed application form
- $50 non-refundable U.S. application fee
- $50 non-refundable transcript-evaluation fee
- Official college transcripts
- A written essay that describes the motivation and reasons for desiring a Bachelor of Sports Science Degree
- Résumé or vita

**INTERNATIONAL APPLICANTS**
**NOTE** In addition to the applicable domestic requirements, you need the following:
- $100 non-refundable International-application fee
- $50 non-refundable transcript-evaluation fee
- Official results of the paper based Test of English as a Foreign Language (TOEFL) verifying a minimum score of 550 for full-standing admission or a score of 500-549 for provisional admission
- Official report from an Approved Educational Credential Evaluator
- Statement of available funds (Resident Study only)

__________________________________________________________

__________________________________________________________

Signature: ___________________________  Number of copies: _______
Request will not be processed without a signature.

Mail transcript as indicated below: (any special instructions, i.e. hold for grades)

__________________________________________________________

POLICIES GOVERNING TRANSCRIPTS OF RECORD:

• There is a $10.00 charge for each transcript (official and/or unofficial) with the exception of the first transcript, which is issued without cost.
• Transcript requests are processed as rapidly as possible, in order of receipt of application. Requests should be made well in advance of need.
• No transcript of a student's record will be issued for a student whose financial obligations to the Academy have not been satisfied.
• There are two types of transcripts:
  1. **OFFICIAL** transcripts are sent to schools, prospective employers, etc., as designated by the student.
  2. **UNOFFICIAL** transcripts for the student's use, do not bear the seal of the Academy. They must be sent directly to the student. Transcripts are stamped "Issued to Student".
• Transcript requests must be in written form and signed.
